Be It Enacted by the People of the State of Oregon:

JUDGE MEMBERS

SECTION 1. ORS 238.545 is amended to read:

238.545. (1) Except as otherwise provided in this section[.]:

(a) A judge member **who has five or more years of service as a judge** may withdraw from the Public Employees Retirement Fund the amount credited to the member account of the judge member if:

[a] (A) The judge member is separated from all service with participating public employers;

[b] (B) The judge member is separated from all service with employers who are treated as part of a participating public employer’s controlled group under the federal laws and rules governing the status of the Public Employees Retirement System and the Public Employees Retirement Fund as a qualified governmental retirement plan and trust;

[c] (C) The judge member has not attained 60 years of age; and

[d] (D) The separation from service is not by reason of death or disability.

(b) A judge member **who has fewer than five years of service as a judge may withdraw from the Public Employees Retirement Fund the amount credited to the member account of the judge member if:**

(A) **The judge member is separated from all service with participating public employers;**

(B) **The judge member is separated from all service with employers who are treated as part of a participating public employer’s controlled group under the federal laws and rules governing the status of the Public Employees Retirement System and the Public Employees Retirement Fund as a qualified governmental retirement plan and trust; and**

(C) **The separation from service is not by reason of death or disability.**

(2) If a judge member wishes to withdraw the member account balance under this section, the judge member must transmit to the Public Employees Retirement Board a withdrawal request. The board shall deny the withdrawal, or shall take all reasonable steps to recover withdrawn amounts, if:

(a) The board determines that the separation is not a bona fide separation; or

(b) The judge member fails to remain absent from the service of all employers described in subsection (1) of this section for at least one calendar month following the month in which the judge member separates from service.

(3) If a judge member who is eligible to withdraw as provided in subsection (1) of this section does not elect to withdraw, the member account of the judge member shall remain to the credit of the judge member, and the judge member is entitled to such death benefits and disability retirement allowance as ORS 238.500 to 238.585 provide. Before attaining 60 years of age, a judge member who is eligible to withdraw as provided in subsection (1) of this section but who does not withdraw must elect in writing to retire under either ORS 238.535 (1)(a) or (b). The election is irrevocable after the judge member attains 60 years of age. Any inactive judge member who fails to make the election provided for in this subsection prior to attaining 60 years of age shall be retired under the provisions of ORS 238.535 (1)(a). The service retirement allowance of an inactive judge member who retires under ORS 238.535 (1)(a) shall be a reduced service retirement allowance that is the actuarial equivalent of the service retirement allowance provided for in ORS 238.535 (1)(a). An inactive judge member who elects to retire under ORS 238.535 (1)(b) must meet all other requirements imposed by ORS 238.535 for retirement under ORS 238.535 (1)(b).

(4) If approved by the Chief Justice of the Supreme Court, an inactive judge member who elects to retire under ORS 238.535 (1)(b) pursuant to the provisions of subsection (3) of this section may commence to serve the pro tem service obligation imposed by ORS 238.535 before the judge member's date of retirement. If the Chief Justice determines, at any time after the judge member commences performing the pro tem service obligation, that the judge member has failed to perform the pro tem services in the manner required by ORS 238.535 (1)(c), and the judge member has not been relieved of the obligation to perform those services in the manner provided by ORS 238.535 (1)(c), the Chief Justice shall notify the Public Employees Retirement Board. If the judge member has not yet retired, the board shall calculate the service retirement allowance of the noncomplying judge member at the time of retirement in the manner provided by ORS 238.535 (1)(a). If the judge member has retired, the board shall recalculate the service retirement allowance of the noncomplying judge member in the manner provided by ORS 238.535 (1)(a), and the noncomplying judge member shall receive only that recalculated amount thereafter. An inactive judge member may be relieved of the pro tem service obligation imposed by ORS 238.535 (1)(c) in the same manner as provided in ORS 238.535 for retired judge members.

(5) Withdrawal of the member account balance under this section cancels all membership rights in the system, including the right to claim credit for any employment before withdrawal.

(6) ORS 238.105 and 238.115 (1) apply to a former judge member who has withdrawn the member account balance under this section.

SECTION 2. ORS 238.565 is amended to read:

238.565. (1) For the purposes of this section, a judge member may designate a beneficiary or beneficiaries by written designation duly acknowledged and filed with the **Public Employees Retirement** Board before the death of the judge member. Beneficiaries designated by a judge member may include any persons, the personal representative of the estate of the judge member or the trustee named by the judge member to execute an express trust.

(2)(a) If a judge member who has six or more years of service as a judge dies before retiring, and the judge member is not an inactive judge member who is performing a pro tem service obligation under the provisions of ORS 238.545 (4), the surviving spouse of the judge member shall receive a life pension, payable monthly, equal to two-thirds of the service retirement allowance the judge member would have received under ORS 238.535 (1)(a) had the judge member retired on the date of death.

(b) If a judge member who has six or more years of service as a judge dies before retiring, and the judge member is an inactive member who is performing a pro tem service obligation under the provisions of ORS 238.545 (4), the surviving spouse of the judge member shall receive a life pension, payable monthly, equal to two-thirds of the service retirement allowance the judge member would have received under ORS 238.535 (1)(b) had the judge member retired on the date of death.

(c) If a surviving spouse receiving a pension under paragraph (a) or (b) of this subsection dies and the total amount received as pension by the surviving spouse is less than the amount credited to the member account of the judge member in the fund on the date of death of the judge member, the beneficiary or beneficiaries shall receive a lump sum amount equal to the difference between the total amount received by the surviving spouse and the amount so credited to the member account of the judge member.

(d) If a judge member [*who has six or more years of service as a judge*] dies before retiring and has no surviving spouse, the beneficiary or beneficiaries shall receive a lump sum amount equal to the amount credited to the member account of the judge member in the fund on the date of death of the judge member. **If the judge has not designated a beneficiary, or if the named beneficiary predeceases the judge member, the amount credited to the account shall be paid to a personal representative appointed for the estate of the deceased judge member.**

(e) If the surviving spouse of a judge member who dies before retiring is not entitled to a pension under paragraph (a) or (b) of this subsection, the surviving spouse shall receive a lump sum amount equal to the amount credited to the member account of the judge member in the fund on the date of death of the judge member.

(3)(a) If a judge member dies after retiring, the surviving spouse of the judge member shall receive a life pension, payable monthly, equal to two-thirds of the retirement allowance the judge member is receiving or is entitled to receive on the date of death.

(b) If a surviving spouse receiving a pension under paragraph (a) [*or (b)*] of this subsection dies and the total amount received as retirement allowance by the retired judge member and as pension by the surviving spouse is less than the amount credited to the member account of the judge member on the date of retirement of the judge member, the beneficiary or beneficiaries shall receive a lump sum amount equal to the difference between the total amount received as retirement allowance and pension and the amount so credited to the member account of the judge member.

(c) If a judge member dies after retiring and has no surviving spouse, and the total amount received as retirement allowance by the retired judge member is less than the amount credited to the member account of the judge member on the date of retirement of the judge member, the beneficiary or beneficiaries shall receive a lump sum amount equal to the difference between the total amount received as retirement allowance and the amount so credited to the member account of the judge member.

(4) At any time after becoming a judge member, but not later than the date on which the first payment on account of retirement is due, a judge member may elect to provide an addition to the pension of the surviving spouse of the judge member under subsection (3)(a) of this section by selecting a reduced retirement allowance for the judge member. The additional pension to the surviving spouse shall be the actuarial equivalent of the reduction in the retirement allowance of the judge member and, in no event, when added to the pension under subsection (3)(a) of this section, shall it exceed the reduced retirement allowance elected by the judge member.

(5) Any accrued retirement allowance due a retired judge member that is unpaid at the time of death of the judge member shall be paid to the surviving spouse of the judge member. If there is no surviving spouse, the accrued retirement allowance shall be paid to the beneficiary or beneficiaries of the judge member. If there is no surviving spouse or beneficiary, the accrued retirement allowance shall be paid as provided in ORS 238.390 (2).

(6) Notwithstanding any other provision of this section, a judge member shall be considered to have died with no surviving spouse if:

(a) The judge member has entered into a prenuptial or antenuptial agreement with the spouse of the judge that provides that the spouse shall have no right or claim to a surviving spouse's pension; and

(b) The judge member has filed a copy of the prenuptial or antenuptial agreement with the board before the death of the judge member.

(7) The board shall not be liable for any payment made to a beneficiary by reason of a prenuptial or antenuptial agreement filed with the board under subsection (6) of this section unless the board has actual knowledge that the agreement has been revoked.

(8) A judge member may elect to have all or part of the pension that is payable to a surviving spouse under this section be paid to a former spouse of the judge member. The election may be made before or after the judge member retires. If a judge member makes an election under this subsection, the board shall pay the designated portion of pension to the former spouse for the life of the former spouse. If a judge member is married at the time an election is made under this subsection, the spouse of the judge member must give written consent to the election. An election under this subsection does not affect the amount of any additional pension elected by a judge member under subsection (4) of this section. If a judge member makes an election under this subsection and the judge member does not have a surviving spouse when the judge member dies, the former spouse shall receive a life pension for only that part of the pension specified in the election. If a judge member makes an election under this subsection and the judge member has a surviving spouse when the judge member dies:

(a) The surviving spouse shall receive no benefit if the judge member elected to have the entire pension payable under this section paid to the former spouse; or

(b) The surviving spouse shall receive that part of the pension not paid to the former spouse until the death of the former spouse.

238.364. (1)(a) Upon retirement of an employee who is a member of the Public Employees Retirement System and computation of that member's service retirement allowance under ORS 238.300, 238.305 or 238.425, or computation of any disability retirement allowance under ORS 238.320, 238.325, 238.330, 238.345 or 238.425, the Public Employees Retirement Board shall add to the amount of the allowance, including amounts attributable to prior service credit and the amount of any refund of accumulated employee contributions, the greater of the percentage increase calculated under ORS 238.366 or a percentage increase calculated under subsection (4) of this section. No benefit shall be paid to a member or beneficiary under ORS 238.366 if the benefit payable to the member or beneficiary under this section is larger than the benefit payable under ORS 238.366.

(b) The percentage increase provided for in this section shall be adjusted by the board to reflect increases or decreases in a member's retirement allowance that are attributable to the member's participation in the Variable Annuity Account established by ORS 238.260, that are attributable to a change in the member's beneficiary or payment option under ORS 238.305 or 238.325, or that are attributable to corrections to the member's retirement allowance calculation.

(c) The percentage increase provided for in this section shall be applied to any lump sum payment made to a member or a beneficiary of a member on or after January 1, 1991, that is attributable to a retroactive correction or adjustment of the amount payable to the member or beneficiary as a retirement allowance or that is attributable to a retroactive correction or adjustment to any other benefit that entitles a member or beneficiary to an increased benefit under this section. The percentage increase payable under this paragraph applies only to the principal amounts included in

the lump sum payment as a retroactive correction or adjustment and does not apply to any interest on the retroactive correction or adjustment paid as part of the lump sum payment.

(2) The amount of any death benefit under ORS 238.390, 238.395, 238.400 or 238.405, including the amount of any monthly payments, shall be increased by the greater of the percentage provided for in ORS 238.366 or the percentage calculated under subsection (4) of this section.

(3)(a) A member of the system who elects to receive a lump sum in lieu of a retirement allowance or other benefit under ORS 238.315 shall receive an increase based on the greater of the percentage provided for in ORS 238.366 or the percentage calculated under subsection (4) of this section.

(b) A member of the system who withdraws the amount credited to the member account, if any, of the member in the fund under the provisions of ORS 238.265, or whose member account is returned to the employee after the membership of the employee is terminated under the provisions of ORS 238.095, shall receive an additional amount calculated by multiplying the amount of the member account of the member by the greater of the percentage provided for in ORS 238.366 or the percentage calculated under subsection (4) of this section. If a member thereafter elects to obtain restoration of creditable service by repaying the amount of the withdrawn member account pursuant to the provisions of ORS 238.105, the member must also repay all amounts paid under this section, together with interest from the date of withdrawal at the same rate as applied to the withdrawn member account under ORS 238.105. If a member repays only part of the withdrawn member account pursuant to the provisions of ORS 238.115, the member must repay that part of the amount paid under this section that is proportionate to the portion of the withdrawn member account that is repaid under ORS 238.115, together with interest from the date of withdrawal at the same rate as applied to the withdrawn member account under ORS 238.115. All amounts paid to the member that are subsequently repaid under ORS 238.105 or 238.115 shall be deposited by the board to the employer reserve for pension accounts in the fund.

(4)(a) The Public Employees Retirement Board shall calculate a multiplier for the purposes of this section equal to the percentage produced by the following formula:

$$\frac{[I]}{[.9I] + 1} - 1$$

.91

(b) Upon the retirement or death of a member of the system, the board shall determine the fraction of the member's retirement allowance or death benefit, including any refund or lump sum payment, that is attributable to service rendered by the member before October 1, 1991. The board shall then calculate a percentage that is equal to that fraction multiplied by the multiplier determined by the board under paragraph (a) of this subsection. The percentage so calculated shall be used to determine the amount of the increase in benefits provided to a member, if any, under this section.

(5) For the purpose of determining that portion of a retirement allowance or death benefit attributable to service rendered before October 1, 1991, the board shall divide the number of years of creditable service performed before October 1, 1991, by the total number of years of creditable service during which the pension income was earned. For the purposes of this subsection:

(a) The number of years of creditable service does not include any period of employment for which a benefit is paid for prior service credit.

(b) Except as provided in subsection (7) of this section, the number of years of creditable service includes all retirement credit of the member, and any retirement credit of a member that is attributable to periods of service, employment or other activity performed before October 1, 1991, shall be considered creditable service performed before October 1, 1991.

(6) The increased benefits provided for in this section shall be funded by employer contributions.

(7) The increased benefits provided by this section apply only to members who establish membership in the Public Employees Retirement System before July 14, 1995, and whose effective date of retirement or date of death is on or after January 1, 1991. The increased benefits provided by this section do not apply to any creditable service or prior service credit acquired by a member under the terms of a contract of integration entered into pursuant to ORS 238.035, 238.680 or 238.690 on or after October 1, 1991.

(8) If a member is entitled to receive an increased benefit under the provisions of this section, and any portion of the member's retirement allowance or other benefit payable under the system is payable to an alternate payee under the provisions of ORS 238.465, the increased benefits payable under this section shall be divided between the member and the alternate payee in proportion to the share of the total benefit received by each person. If an alternate payee elects to begin receiving benefits under ORS 238.465 (1) before the member's effective date of retirement, the alternate payee may not begin receiving the increased benefit provided for in this section until benefits are first paid from the system on behalf of the member.

(9) A person establishes membership in the system before July 14, 1995, for the purposes of subsection (7) of this section if:

(a) The person is a member of the system, or a judge member of the system, on July 14, 1995;

(b) The person was a member of the system before July 14, 1995, ceased to be a member of the system under the provisions of ORS 238.095, 238.265 or 238.545 before July 14, 1995, but restores part or all of the forfeited creditable service from before July 14, 1995, under the provisions of ORS 238.105 or 238.115 after July 14, 1995; or

(c) The person performed any period of service for a participating public employer before July 14, 1995, that is credited to the six-month period of employment required of an employee under ORS 238.015 before an employee may become a member of the system.

PURCHASE OF POLICE AND FIREFIGHTER CREDIT

SECTION 8. ORS 238.440 is amended to read:

238.440. (1) A police officer or firefighter who is a member of the system may elect to make additional contributions to the fund to purchase increased benefits between the date of retirement and age 65. The rate of additional contribution shall be determined by the actuary, dependent upon the age of the police officer or firefighter at the date of election, so as to provide monthly payments on the basis of \$10 per unit of benefits purchased. No police officer or firefighter may elect to purchase more than eight units. For each \$10 unit purchased by the police officer or firefighter, the employer shall purchase an equal \$10 unit. A police officer or firefighter who is retained until age 65 shall receive a lump sum refund of the additional contributions made toward units purchased, plus interest thereon, but shall receive no benefits from the additional contributions by the employer for such units. If a police officer or firefighter retires after age 60 but prior to age 65, the units purchased by additional contributions shall provide increased monthly benefits based on life expectancy, but the matching units purchased by the employer shall not, regardless of age, exceed \$10 per month per unit purchased by the police officer or firefighter. If a police officer or firefighter is absent from the employment of a participating employer for any reason and because of such absence is unable to make monthly additional contributions, the benefits provided under this section shall be actuarially reduced upon the retirement of the police officer or firefighter. The Public Employees Retirement Board shall establish an account for each member who elects to make additional contributions under this section and shall credit all contributions made by that member and interest on those contributions to the account.

(2) Notwithstanding subsection (1) of this section, a police officer or firefighter who retires prior to age 60 may apply for and receive an actuarially reduced unit income commencing at any date between the date of early retirement and age 60, with monthly benefits payable for at least 60 months or any other monthly formula in excess of 60 months but always terminating by age 65. Such a police officer or firefighter may elect to pay in a lump sum within the [60] 90 days immediately

preceding early retirement the contribution that the police officer or firefighter would have made to the account had the police officer or firefighter worked to age 60.

(3) Any police officer or firefighter who elects to make additional contributions to purchase increased benefits may elect at any time before termination to cancel such election. Having once canceled such election, no police officer or firefighter shall be again permitted to make additional contributions.

(4) A member may withdraw the amounts credited to the account established for the member under this section if:

(a) The member is separated from all service with participating public employers; and

(b) The member is separated from all service with employers who are treated as part of a participating public employer's controlled group under the federal laws and rules governing the status of the system and the fund as a qualified governmental retirement plan and trust.

(5) A member who withdraws the amounts credited to the account established for the member pursuant to subsection (4) of this section may not thereafter make additional contributions under this section.

(6) A police officer or firefighter who has elected to make additional contributions under this section and who transfers to employment in which not entitled to make such additional contributions may retain the account established under subsection (1) of this section for five years immediately following such transfer by not requesting a withdrawal. If, at the end of the five-year period, the police officer or firefighter has not reached age 50, or has not returned to employment in which entitled to make additional contributions under this section, the election shall be canceled and the amount of the account established under subsection (1) of this section shall be refunded to the police officer or firefighter.

(7) Any election to make additional contributions under this section and any cancellation of such election shall be submitted to the employer and to the board in writing.

BENEFICIARIES

SECTION 9. ORS 238.390 is amended to read:

238.390. (1) If a member of the system dies before retiring, the amount of money, if any, credited at the time of death to the member account of the member in the fund shall be paid to the beneficiaries designated by the member. For this purpose a member may designate as a beneficiary any person or the executor or administrator of the estate of the member or a trustee named by the member to execute an express trust in regard to such amount. The termination of a person's membership in the system pursuant to ORS 238.095 (1) or (2) invalidates any designation of beneficiary made by the person before the termination of membership.

(2)(a) If a member dies before retiring and has not designated a beneficiary under subsection (1) of this section, **or if the designated beneficiary or beneficiaries do not survive the member**, the Public Employees Retirement Board shall pay the amount of money, if any, credited at the time of death to the member account of the deceased member to [*a personal representative appointed for the estate of the deceased member*] **the following person or persons, in the following order of priority:**

(A) The member's surviving spouse or other person who is constitutionally required to be treated in the same manner as a spouse;

(B) The member's surviving children, in equal shares; or

(C) The member's estate.

(b) If a small estate affidavit has been filed under ORS 114.505 to 114.560, and the amount of money credited to the account does not exceed the maximum amount of personal property for which a small estate affidavit may be filed under ORS 114.505 to 114.560, the board shall pay the amount to the person who filed the affidavit, **if the member's estate is the designated beneficiary or is receiving the payment under paragraph (a) of this subsection.**

(3) [*The beneficiary designated*] **A beneficiary** under subsection (1) **or (2)** of this section may elect to receive the amount payable in actuarially determined monthly payments for the life of such beneficiary as long as such monthly payments are at least \$200.

(4) Accrued benefits due a retired member at the time of death are payable to the designated beneficiary or as provided in subsection (2) of this section. For the purpose of determining accrued benefits due a retired member at the time of death, accrued benefits are considered to have ceased as of the last day of the month preceding the month in which the retired member dies; but if Option 2 or Option 3 under ORS 238.305 has been elected as provided in this chapter and the beneficiary survives the retired member, the benefits to the beneficiary shall commence as of the first day of the month in which the retired member dies, and payment of benefits under Option 2 or Option 3 shall cease with the payment for the month preceding the month in which the beneficiary dies.

(5) If a member dies before retiring and has designated a beneficiary under subsection (1) of this section, but the beneficiary [*dies before the member, or*] dies **after the member and** before distribution is made under this section, the Public Employees Retirement Board shall pay the amount of money, if any, that would otherwise have been paid to the beneficiary to a personal representative appointed for the estate of the deceased beneficiary. If a small estate affidavit has been filed under ORS 114.505 to 114.560, and the amount of money that would have been paid to the beneficiary does not exceed the maximum amount of personal property for which a small estate affidavit may be filed under ORS 114.505 to 114.560, the board shall pay the amount to the person who filed the small estate affidavit on behalf of the estate of the beneficiary.

(6) Interest upon the member account of the member shall accrue until the date that the amount in the member account is distributed. Any balance in the variable account of the deceased member is considered to be transferred to the regular account of the member as of the date of death. The board shall establish procedures for computing and crediting interest on the balance in the member account for the period between the date of death and date of distribution.

(7) Payment by the board of amounts in the manner provided by this section completely discharges the board and system on account of the death, and shall hold the board and system harmless from any claim for wrongful payment.

SECTION 9a. If Senate Bill 308 becomes law, section 9 of this 2023 Act (amending ORS 238.390) is repealed and ORS 238.390, as amended by section 6, chapter 17, Oregon Laws 2023 (Enrolled Senate Bill 308), is amended to read:

238.390. (1) If a member of the system dies before retiring, the amount of money, if any, credited at the time of death to the member account of the member in the fund shall be paid to the beneficiaries designated by the member. For this purpose a member may designate as a beneficiary any person or the executor or administrator of the estate of the member or a trustee named by the member to execute an express trust in regard to such amount. The termination of a person's membership in the system pursuant to ORS 238.095 (1) or (2) invalidates any designation of beneficiary made by the person before the termination of membership.

(2)(a) If a member dies before retiring and has not designated a beneficiary under subsection (1) of this section, **or if the designated beneficiary or beneficiaries do not survive the member**, the Public Employees Retirement Board shall pay the amount of money, if any, credited at the time of death to the member account of the deceased member to [*a personal representative appointed for the estate of the deceased member*] **the following person or persons, in the following order of priority:**

(A) The member's surviving spouse or other person who is constitutionally required to be treated in the same manner as a spouse;

(B) The member's surviving children, in equal shares; or

(C) The member's estate.

(b) If a simple estate affidavit has been filed under ORS 114.515, the board shall pay the amount to the person who filed the affidavit if:

(A) The member's estate is the designated beneficiary or is receiving the payment under paragraph (a) of this subsection; and

[(a)] **(B)(i)** The estate of the decedent remains within the limits prescribed by ORS 114.510 (1)(a) after consideration of the amount of money credited at the time of death to the member account; or

[(b)] **(ii)** The estate of the decedent meets the requirements of ORS 114.510 (1)(b).

(3) [*The beneficiary designated*] **A beneficiary** under subsection (1) **or (2)** of this section may elect to receive the amount payable in actuarially determined monthly payments for the life of such beneficiary as long as such monthly payments are at least \$200.

(4) Accrued benefits due a retired member at the time of death are payable to the designated beneficiary or as provided in subsection (2) of this section. For the purpose of determining accrued benefits due a retired member at the time of death, accrued benefits are considered to have ceased as of the last day of the month preceding the month in which the retired member dies; but if Option 2 or Option 3 under ORS 238.305 has been elected as provided in this chapter and the beneficiary survives the retired member, the benefits to the beneficiary shall commence as of the first day of the month in which the retired member dies, and payment of benefits under Option 2 or Option 3 shall cease with the payment for the month preceding the month in which the beneficiary dies.

(5) If a member dies before retiring and has designated a beneficiary under subsection (1) of this section, but the beneficiary [*dies before the member, or*] dies **after the member and** before distribution is made under this section, the Public Employees Retirement Board shall pay the amount of money, if any, that would otherwise have been paid to the beneficiary to a personal representative appointed for the estate of the deceased beneficiary. If a simple estate affidavit regarding the deceased beneficiary's estate has been filed under ORS 114.515, the board shall pay the amount to the person who filed the simple estate affidavit if:

(a) The estate of the deceased beneficiary remains within the limits prescribed by ORS 114.510 (1)(a) after consideration of the amount of money that would have been payable to the deceased beneficiary; or

(b) The estate of the deceased beneficiary meets the requirements of ORS 114.510 (1)(b).

(6) Interest upon the member account of the member shall accrue until the date that the amount in the member account is distributed. Any balance in the variable account of the deceased member is considered to be transferred to the regular account of the member as of the date of death. The board shall establish procedures for computing and crediting interest on the balance in the member account for the period between the date of death and date of distribution.

(7) Payment by the board of amounts in the manner provided by this section completely discharges the board and system on account of the death, and shall hold the board and system harmless from any claim for wrongful payment.

SECTION 10. ORS 238.395 is amended to read:

238.395. (1)(a) In addition to any other benefits under this chapter, a death benefit, provided by contributions of the public employer under ORS 238.225 and, for benefits that accrue on or after July 1, 2020, amounts in the employee pension stability account established for the member under ORS 238A.353, shall be paid to the beneficiaries designated under ORS 238.390 (1) of a person who is an active or inactive member of the Public Employees Retirement System and who dies as a result of injuries received while employed in the service of the public employer or within 120 days after termination from service with a participating public employer. A member who is on a leave of absence without pay from employment with a participating public employer has not terminated service with that participating public employer for the purposes of this section.

(b) The death benefit under this subsection is an amount equal to the amount in the member account of the deceased member at the time of death.

(c) In the event that a beneficiary has not been named as provided in paragraph (a) of this subsection and ORS 238.390 (1), the death benefit under this subsection shall be paid in the manner provided for payment of money credited to the member account of the member in ORS 238.390 (2).

(d) The beneficiary designated under paragraph (a) of this subsection and ORS 238.390 (1) **or (2)** may elect to receive the amount payable in actuarially determined monthly payments for the life

of such beneficiary as long as such monthly payments, plus the monthly amount if elected under ORS 238.390 (3), are at least \$200.

(e) Interest upon the death benefit provided by this subsection accrues until the date that the benefit is distributed. The Public Employees Retirement Board shall establish procedures for computing interest to be credited on the benefit for the period between the date of death and date of distribution.

(2)(a) If a member of the system dies while employed in the service of a participating public employer or within 120 days after termination from service with a participating public employer and the member's spouse is the member's beneficiary under ORS 238.390, the member's spouse may elect to receive the benefit provided under this subsection in lieu of the death benefits provided under ORS 238.390 and subsection (1) of this section.

(b) The board shall provide the member's spouse with an estimate of the benefits available under this section once the board:

[(b)] (c) If the member's spouse elects to receive the benefit described in this subsection, the member's spouse must notify the board in writing of *[an]* the election *[under this section]* no later than 60 days after the date of *[death of the member]* **the estimate provided under paragraph (b) of this subsection.**

(3) Payment by the board of additional death benefits in the manner provided by this section completely discharges the board and system on account of the death, and shall hold the board and system harmless from any claim for wrongful payment.

SECTION 11. ORS 238A.230, as amended by section 7, chapter 83, Oregon Laws 2022, is amended to read:

238A.230. (1) If a member of the pension program who is vested dies before the member's effective date of retirement, the Public Employees Retirement Board shall pay the death benefit provided for in this section to:

(a) If the member dies before the earliest retirement date for the member under ORS 238A.165, the actuarial equivalent of 50 percent of the pension that would otherwise have been paid to the deceased member, which shall be calculated as if the member became an inactive member on the date of death and retired at the earliest retirement date for the member as described in ORS 238A.165;

(b) If the member dies on or after the earliest retirement date for the member under ORS 238A.165 and before normal retirement age under ORS 238A.160, the actuarial equivalent of the pension that would otherwise have been paid to the deceased member, which shall be calculated as if the member retired under ORS 238A.185 and as if the member's retirement date was the first of the month following the date of death of the member; or

(b) If the person who delays payment under this subsection has not designated a beneficiary, the person's benefit shall be paid to a personal representative appointed for the person's estate.

[(4)] (5) Notwithstanding any other provision of ORS 238A.100 to 238A.250, distributions of death benefits under the pension program must comply with the minimum distribution requirements of 26 U.S.C. 401(a)(9) and the regulations implementing that section, as in effect on January 1, 2022. The board shall adopt rules implementing those minimum distribution requirements.

If the amounts in the employee pension stability account exceed the costs of the benefit payable under ORS 238.395 or 238A.230 that accrues on or after July 1, 2020, the excess amounts shall be paid in a lump sum to the beneficiary or beneficiaries designated by the member for the purposes of this section.

Consent and revocation of consent must be in writing, acknowledged by a notary public, and submitted to the Public Employees Retirement Board in accordance with rules adopted by the board. If the member's spouse is designated as the member's beneficiary and the marriage of the member and spouse is subsequently dissolved, the former spouse shall be treated as predeceasing the member for purposes of this section, unless the member expressly designates the former spouse as beneficiary after the effective date of the dissolution or the former spouse is required to be designated as a beneficiary under the provisions of ORS 238.465.

[(b) *A member who becomes disabled by reason of injury or disease sustained while in the actual performance of duty.*]

[(3)] (2) Retirement credit accrues under this section only for as long as the member remains disabled or until the member reaches the normal retirement age under ORS 238A.160.

[(4)] (3) If a disabled member does not return to employment with a participating public employer after the period of disability, the member shall receive a pension under ORS 238A.180, 238A.185 or 238A.190 upon retirement based on an adjusted salary. The adjusted salary shall be the salary paid to the disabled member on the date the member left active employment with the participating public employer by reason of disability, adjusted for each year after the member left employment and before the member's effective date of retirement to reflect cost-of-living changes, based on the Consumer Price Index for All Urban Consumers, West Region (All Items), as published by the Bureau of Labor Statistics of the United States Department of Labor. Adjustments under this subsection may not exceed a two percent increase or decrease for any year. An adjustment shall be made under this subsection only for calendar years in which the member is disabled for at least six months during the year.

(4) Retirement credit for the period of disability under this section shall be classified the same as the member's last qualifying position prior to the disability.

(5) A pension program member is considered to be disabled for the purpose of this section if:

(a) The date on which the member completes at least 600 hours of service in each of five calendar years. The five calendar years need not be consecutive, but are subject to the provisions of subsection (5) of this section.

(5) If a member of the individual account program who is not vested in the employer account performs fewer than 600 hours of service in each of five consecutive calendar years, hours of service performed before the first calendar year of the period of five consecutive calendar years shall be disregarded for purposes of determining whether the member is vested under subsection (3)(a) of this section.

(6) Solely for purposes of determining whether a member is vested under subsection (3)(a) of this section, hours of service include creditable service, as defined in ORS 238.005, performed by the person before the person became an eligible employee, as long as the membership of the person under ORS chapter 238 has not been terminated under the provisions of ORS 238.095 on the date the person becomes an eligible employee.

(7) A member becomes vested in the employee pension stability account established for the member under ORS 238A.353 on the date the employee pension stability account is established.
