Allows clinical laboratory to wait five days before releasing results of certain tests, examinations and analyses of patient specimens to patient.

A BILL FOR AN ACT

Relating to laboratory results; amending ORS 438.430.

Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 438.430 is amended to read:

438.430. (1) Except as otherwise provided in ORS 438.010 to 438.510, a clinical laboratory shall examine specimens only at the request of a physician, dentist, or other person authorized by law to use the findings of laboratory examinations.

(2) A person may not report the result of any test, examination, or analysis of a specimen submitted for evidence of human disease except to:

(a) The patient or the patient's authorized representative, unless the physician, dentist or other person requesting the laboratory test, examination or analysis under subsection (1) of this section notifies the clinical laboratory of a reasonable belief that an exception applies to the prohibition on information blocking under 42 U.S.C. 300jj-52; and

(b) A physician, dentist, their agents, or other person authorized by law to employ the results in the conduct of a practice or in the fulfillment of official duties.

(3) Except as provided in subsection (2) of this section, a clinical laboratory or the designee of the laboratory[, after verifying the identity of the requester and after determining the results are ready for release, shall without unreasonable delay] shall provide the results of a test, examination or analysis of a specimen submitted by a patient in writing to the patient or the patient’s authorized representative[.];

(a) No later than five days after the results are ready and the laboratory has verified the identity of the requester, for the following tests, examinations and analyses:

(A) Pathology tests of biopsy samples, pap smear cytology samples, dermatopathology samples and bone marrow samples.

(B) Radiology imaging tests with interpretations that are concerning for malignancy or metastatic disease or that require clinical correlation.

(C) Positive HIV tests.

(D) Positive hepatitis antigen tests.

(b) Without unreasonable delay after the results are ready and the laboratory has verified the identity of the requester, for all tests, examinations and analyses not listed in paragraph (a) of this subsection.

NOTE: Matter in boldfaced type in an amended section is new; matter [italic and bracketed] is existing law to be omitted. New sections are in boldfaced type.
