Leases authorized by this subsection include lease-purchase agreements under which the district may acquire ownership of the leased property at a nominal price. Leases and lease-purchase agreements may be for a term of up to 30 years.

(4) May acquire personal property by a lease-purchase agreement or contract of purchase for a term exceeding one year. A lease-purchase agreement is one in which the rent payable by the district is expressly agreed to have been established to reflect the savings resulting from the exemption from taxation, and the district is entitled to ownership of the property at a nominal or other price that is stated or determinable by the terms of the agreement and was not intended to reflect the true value of the property.

(5) May lease, sell and convey all property of the district as may not, in the judgment of the district school board, be required for school purposes.

college districts facilities for secondary career and technical education programs for pupils of more

(9) May purchase real property upon a contractual basis when the period of time allowed for
payment under the contract does not exceed 30 years.

(10) May purchase relocatable classrooms and other relocatable structures in installment
transactions in which deferred installments of the purchase price are payable over not more than
10 years from the date the property is delivered to the district for occupancy and are secured by a

not limited to, lease-purchase agreements.

(11) May enter into rental or lease-purchase agreements covering motor vehicles operated by the
district.
