SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure as introduced.

Prohibits health insurers and pharmacy benefit managers from restricting coverage of physician-administered prescription drugs that are obtained by nonparticipating pharmacies. Designates violation of prohibition as unlawful practice.

A BILL FOR AN ACT

Relating to insurance coverage of prescription drugs; creating new provisions; and amending ORS 646.608 and 735.533.

Be It Enacted by the People of the State of Oregon:

SECTION 1. Section 2 of this 2023 Act is added to and made a part of the Insurance Code.

SECTION 2. (1) As used in this section:

(a) "Participating pharmacy" means a pharmacy or pharmacist that:

(A) Contracts with an insurer or a pharmacy benefit manager to provide prescription drugs to enrollees in policies or certificates of health insurance issued by the insurer or administered by the pharmacy benefit manager; or

(B) Is under the ownership or control of an insurer or pharmacy benefit manager.

(b) "Participating provider" means a health care provider that contracts with an insurer or a pharmacy benefit manager to provide health care items or services to enrollees in policies or certificates of health insurance issued by the insurer or administered by the pharmacy benefit manager and any clinic, hospital outpatient department or pharmacy under the common ownership or control of the health care provider.

(c) "Physician-administered drug" means a prescription drug, other than a vaccine, that requires administration by a health professional and is not approved for self-administration.

(2) An insurer offering a policy or certificate of health insurance in this state that reimburses the cost of prescription drugs or a pharmacy benefit manager registered in this state may not deny or in any way restrict the coverage of a physician-administered drug that is obtained by a participating provider from a pharmacy that is not a participating pharmacy if the drug:

(a) Is a covered prescription drug under the terms of the policy, certificate or contract;

(b) Is medically necessary; and

(c) Meets supply chain security controls and chain of distribution requirements of federal law.

(3) An insurer or pharmacy benefit manager restricts the coverage of a drug under subsection (2) of this section if the insurer or pharmacy benefit manager:

(a) Refuses to authorize coverage of the drug;
(b) Imposes a restriction or condition on the coverage that does not apply to prescription drugs obtained by the participating provider from a participating pharmacy;

c) Pays less reimbursement than the reimbursement paid for the drug when obtained by the participating provider from a participating pharmacy; or

d) Imposes higher copayments or other out-of-pocket costs on enrollees receiving the drug from a participating provider than are imposed when the participating provider administers the same drug obtained from a participating pharmacy.

(4) Medical necessity criteria for coverage of a physician-administered drug may not be based, in whole or in part, on the location of the health care provider administering the drug.

(5) This section does not prohibit an insurer from establishing, for enrollees, centers of excellence based on nationally recognized, objective quality measures that are centered on specific drug treatments and designed to improve the safety, quality, affordability and expertise in the administration of the treatment.

(6) Any contract provision that is contrary to the provisions of this section or that purports to waive the provisions of this section is void and unenforceable.

(7) Violation of this section is an unlawful practice under ORS 646.608.

SECTION 3. ORS 646.608 is amended to read:
