

## HOUSE AMENDMENTS TO HOUSE BILL 2869

By COMMITTEE ON EARLY CHILDHOOD AND HUMAN SERVICES

April 4

1 In line 2 of the printed bill, delete the period and insert “; and declaring an emergency.

2 “Whereas by 2030, the number of Oregonians aged 65 and older is projected to grow to over a  
3 million, with older adults comprising 21 percent of Oregon’s population, representing a seven per-  
4 cent increase over a 20-year period; and

5 “Whereas rural counties are already leading the way with more than 30 percent of residents  
6 being older adults; and

7 “Whereas Oregon faces an historic, unprecedented and permanent demographic shift and by  
8 2034, there will be more residents over the age of 65 than children 18 years of age and under; and

9 “Whereas Oregon’s older population is also becoming more racially and ethnically diverse with  
10 over 45 percent of older adults projected by 2050 to be people of color by 2050; and

11 “Whereas the change in this state’s demographics provides the state with a unique opportunity  
12 to use the skills and experience of older adults to benefit all generations; and

13 “Whereas the aging of this state’s population will have significant long-term impacts on the  
14 state’s workforce, housing, homelessness, caregivers, behavioral and physical health care services  
15 providers and infrastructure; and

16 “Whereas Oregon is not sufficiently prepared to address the financial costs of our changing de-  
17 mographics, including the financial strain on individuals and families, as well as community and in-  
18 stitutional needs around living longer; and

19 “Whereas Oregon families, communities, businesses and civic and public institutions would  
20 benefit from the development of a long term multi-sector plan on aging and recommendations for  
21 becoming an age-friendly state where people of all ages and abilities thrive; now, therefore.”

22 Delete lines 4 through 10 and insert:
