Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 316.695, as amended by section 10, chapter 97, Oregon Laws 2022, is amended to read:

316.695. (1) In addition to the modifications to federal taxable income contained in this chapter, there shall be added to or subtracted from federal taxable income:

(a) If, in computing federal income tax for a tax year, the taxpayer deducted itemized deductions, as defined in section 63(d) of the Internal Revenue Code, the taxpayer shall add the amount of itemized deductions deducted (the itemized deductions less an amount, if any, by which the itemized deductions are reduced under section 68 of the Internal Revenue Code).

(b) If, in computing federal income tax for a tax year, the taxpayer deducted the standard deduction, as defined in section 63(c) of the Internal Revenue Code, the taxpayer shall add the amount of the standard deduction.

(c)(A) From federal taxable income there shall be subtracted the larger of (i) the taxpayer’s itemized deductions or (ii) a standard deduction. Except as provided in subsection (8) of this section, for purposes of this subparagraph, “standard deduction” means the sum of the basic standard deduction and the additional standard deduction.

(B) For purposes of subparagraph (A) of this paragraph, the basic standard deduction is:

(i) $3,280, in the case of joint return filers or a surviving spouse;

(ii) $1,640, in the case of an individual who is not a married individual and is not a surviving spouse;

(iii) $1,640, in the case of a married individual who files a separate return; or

(iv) $2,640, in the case of a head of household.

NOTE: Matter in boldfaced type in an amended section is new; matter in italic and bracketed is existing law to be omitted. New sections are in boldfaced type.

LC 1827
(C)(i) For purposes of subparagraph (A) of this paragraph for tax years beginning on or after January 1, 2003, the Department of Revenue shall annually recompute the basic standard deduction for each category of return filer listed under subparagraph (B) of this paragraph. The basic standard deduction shall be computed by dividing the monthly averaged U.S. City Average Consumer Price Index for the 12 consecutive months ending August 31 of the prior calendar year by the average U.S. City Average Consumer Price Index for the second quarter of 2002, then multiplying that quotient by the amount listed under subparagraph (B) of this paragraph for each category of return filer.

(ii) If any change in the maximum household income determined under this subparagraph is not a multiple of $5, the increase shall be rounded to the next lower multiple of $5.

(iii) As used in this subparagraph, “U.S. City Average Consumer Price Index” means the U.S. City Average Consumer Price Index for All Urban Consumers (All Items) as published by the Bureau of Labor Statistics of the United States Department of Labor.

(D) For purposes of subparagraph (A) of this paragraph, the additional standard deduction is the sum of each additional amount to which the taxpayer is entitled under subsection (7) of this section.

(E) As used in subparagraph (B) of this paragraph, “surviving spouse” and “head of household” have the meanings given those terms in section 2 of the Internal Revenue Code.

(F) In the case of the following, the standard deduction referred to in subparagraph (A) of this paragraph shall be zero:

(i) One of the spouses in a marriage filing a separate return where the other spouse has claimed itemized deductions under subparagraph (A) of this paragraph;

(ii) A nonresident noncitizen;

(iii) An individual making a return for a period of less than 12 months on account of a change in the individual's annual accounting period;

(iv) An estate or trust;

(v) A common trust fund; or

(vi) A partnership.

(d) For the purposes of paragraph (c)(A) of this subsection, the taxpayer’s itemized deductions are the amount of the taxpayer’s itemized deductions as defined in section 63(d) of the Internal Revenue Code (reduced, if applicable, as described under section 68 of the Internal Revenue Code) minus:

(A) The deduction for Oregon income tax (reduced, if applicable, by the proportion that the reduction in federal itemized deductions resulting from section 68 of the Internal Revenue Code bears to the amount of federal itemized deductions as defined for purposes of section 68 of the Internal Revenue Code); and

(B) That portion of the deduction for qualified residence interest that exceeds $______.

(2)(a) There shall be subtracted from federal taxable income any portion of the distribution of a pension, profit-sharing, stock bonus or other retirement plan, representing that portion of contributions which were taxed by the State of Oregon but not taxed by the federal government under laws in effect for tax years beginning prior to January 1, 1969, or for any subsequent year in which the amount that was contributed to the plan under the Internal Revenue Code was greater than the amount allowed under this chapter.

(b) Interest or other earnings on any excess contributions of a pension, profit-sharing, stock bonus or other retirement plan not permitted to be deducted under paragraph (a) of this subsection may not be added to federal taxable income in the year earned by the plan and may not be sub-
tracted from federal taxable income in the year received by the taxpayer.

(3)(a) Except as provided in subsection (4) of this section, there shall be added to federal taxable income the amount of any federal income taxes in excess of the amount provided in paragraphs (b) to (d) of this subsection, accrued by the taxpayer during the tax year as described in ORS 316.685, less the amount of any refund of federal taxes previously accrued for which a tax benefit was received.

(b) The limits applicable to this subsection are:

(A) $5,500, if the federal adjusted gross income of the taxpayer for the tax year is less than $125,000, or, if reported on a joint return, less than $250,000.

(B) $4,400, if the federal adjusted gross income of the taxpayer for the tax year is $125,000 or more and less than $130,000, or, if reported on a joint return, $250,000 or more and less than $260,000.

(C) $3,300, if the federal adjusted gross income of the taxpayer for the tax year is $130,000 or more and less than $135,000, or, if reported on a joint return, $260,000 or more and less than $270,000.

(D) $2,200, if the federal adjusted gross income of the taxpayer for the tax year is $135,000 or more and less than $140,000, or, if reported on a joint return, $270,000 or more and less than $280,000.

(c) If the federal adjusted gross income of the taxpayer is $145,000 or more for the tax year, or, if reported on a joint return, $290,000 or more, the limit is zero and the taxpayer is not allowed a subtraction for federal income taxes under ORS 316.680 (1) for the tax year.

(d) In the case of spouses in a marriage filing separate tax returns, the amount added shall be in the amount of any federal income taxes in excess of 50 percent of the amount provided for individual taxpayers under paragraphs (a) to (c) of this subsection, less the amount of any refund of federal taxes previously accrued for which a tax benefit was received.

(f)(A) For a calendar year beginning on or after January 1, 2008, the Department of Revenue shall make a cost-of-living adjustment to the federal income tax threshold amounts described in paragraphs (b) and (d) of this subsection.

(B) The cost-of-living adjustment for a calendar year is the percentage by which the monthly averaged U.S. City Average Consumer Price Index for the 12 consecutive months ending August 31 of the prior calendar year exceeds the monthly averaged index for the period beginning September 1, 2005, and ending August 31, 2006.

(C) As used in this paragraph, “U.S. City Average Consumer Price Index” means the U.S. City Average Consumer Price Index for All Urban Consumers (All Items) as published by the Bureau of Labor Statistics of the United States Department of Labor.

(D) If any adjustment determined under subparagraph (B) of this paragraph is not a multiple of $50, the adjustment shall be rounded to the next lower multiple of $50.

(E) The adjustment shall apply to all tax years beginning in the calendar year for which the adjustment is made.

(4)(a) In addition to the adjustments required by ORS 316.130, a full-year nonresident individual
