30 “SECTION 6. (1)(a) A public utility, finance subsidiary or assignee may grant a security  
31 interest in rate recovery assets as collateral for rate recovery bonds. A security interest in  
32 rate recovery assets is valid and enforceable against the debtor and third parties, subject  
33 only to the rights of any third parties holding security interests in the rate recovery assets  
34 attached and perfected in the manner described under this subsection.

35 “(b) A security interest in rate recovery assets attaches if:

38 interest in the rate recovery assets.

39 “(c) A valid and enforceable security interest in rate recovery assets is perfected if:

40 “(A) The security interest has attached in the manner described in paragraph (b) of this  
41 subsection; and

42 “(B) A financing statement has been filed in accordance with the requirements of ORS  
43 chapter 79 that identifies the debtor as ‘debtor’ and the rate recovery assets granted as se-

45 to the Public Utility Commission’s financing order creating the rate recovery assets. The fi-

1 financing statement shall be deemed sufficient under ORS chapter 79 and all other relevant  
2 law for identifying the rate recovery assets granted as security.

3 “(d) A perfected security interest in rate recovery assets is a continuously perfected se-  
4 curity interest, whether or not the related revenues have accrued. Rate recovery assets  
5 constitute property for the purposes of contracts securing the rate recovery bonds, whether  
6 or not the related revenues have accrued. Multiple security interests in the same rate re-  
7 covery assets shall rank according to priority in time of perfection.

8 “(e) Subject to the terms of the security agreement covering the rate recovery assets,  
9 the relative priority of a security interest created or perfected under this section is not ad-

12 “(B) The commingling of proceeds of rate recovery assets with other moneys.

13 “(2)(a) A transfer of rate recovery assets to an assignee is perfected against all third

17 recovery asset as ‘collateral’; and

18 “(C) Contains a description that refers to the commission’s financing order that created  
19 the rate recovery assets.

20 “(b) A notice of transfer that is filed in accordance with the requirements under para-  
21 graph (a) of this subsection shall be deemed sufficient under ORS chapter 79 and all other  
22 relevant laws for identifying the rate recovery assets and for providing notice that the rate  
23 recovery assets have been transferred to the assignee.

24 “(c) A transfer is perfected against third parties on the date a notice of transfer is filed.

25 “(d) A transfer of rate recovery assets to a financing subsidiary that is perfected under  
26 this subsection is free and clear of all claims, security interests, liens and encumbrances of  
27 the transferring public utility, except for any prior security interest perfected under sub-  
28 section (1) of this section or transfer perfected under this subsection.

29 “(e) The priority of a transfer that is perfected under this subsection is not adversely  
30 affected by:

31 “(A) Any later modification of the financing order or rate recovery assets; or

32 “(B) The commingling of proceeds of rate recovery assets with other moneys.

33 “(3)(a) When proceeds of rate recovery assets are transferred to a segregated account  
34 or an assignee or secured party, any lien or security interest that may apply to those pro-  
35 ceeds, other than a security interest perfected under subsection (1) of this section, is auto-  
36 matically terminated, without the need for further notice, act or evidence.

37 “(b) Proceeds from rate recovery assets shall be held in trust for an assignee or secured  
38 party until the proceeds or the proceeds and rate recovery assets have been transferred to  
39 the assignee or secured party.

40 “(c) Any adjustment in rate recovery charges does not affect the validity, perfection or  
41 priority of a security interest in or the transfer of rate recovery assets.

42 “(4)(a) The rights and remedies of a secured party in enforcing a secured interest do not  
43 include and are without recourse to any public utility asset except for the rate recovery as-  
44 sets, even if the rate recovery assets are commingled with other assets.

45 “(b) If a public utility or finance subsidiary defaults on a required payment arising from

1 rate recovery bonds, a secured party or secured party's representatives may apply to the  
2 commission for relief. Upon application by a secured party or secured party's represen-  
3 tatives, the commission shall order, without limiting other remedies of the secured party or  
4 secured party's representatives, the sequestration and payment to the secured party or se-  
5 cured party's representatives of the proceeds of the rate recovery assets.

6 “(c) The interest of an assignee or financing party in rate recovery assets is not subject  
7 to setoff, counterclaim, surcharge or defense by the public utility or any other person in  
8 connection with a bankruptcy, reorganization or insolvency proceeding. Any surplus in ex-  
9 cess of amounts necessary to pay principal, interest, premium, if any, and other amounts  
10 due on the rate recovery bonds and associated financing costs, including enforcement costs,  
11 arising under the security agreement shall be remitted to the debtor or transferor.

12 “(d) Notwithstanding any bankruptcy, reorganization or other insolvency proceeding with  
13 respect to the debtor or transferor of the rate recovery assets, the commission's financing  
14 order shall remain in full force and effect.

15 “(5) A transfer of rate recovery assets by a public utility to a finance subsidiary or other  
16 assignee that the parties have expressly stated in the governing documentation to be a sale  
17 or other absolute transfer, in a transaction approved in a financing order, shall be treated  
18 as a true sale and not as a pledge or other financing of the rate recovery assets. According  
19 the holders of rate recovery bonds a preferred right to revenues of the public utility or the  
20 provision by the public utility of other credit enhancement with respect to rate recovery  
21 bonds does not impair or negate the characterization of a transfer as a true sale.

22 “(6) Any successor to a public utility pursuant to any bankruptcy, reorganization or  
23 other insolvency proceeding shall perform and satisfy all obligations of the public utility un-  
24 der an approved contract governing rate recovery bonds in the same manner and to the same  
25 extent as was required of the public utility before the proceeding, including, without limita-  
26 tion, collecting and paying to the holders of the rate recovery bonds or their representatives  
27 revenues arising with respect to the rate recovery assets pledged to secure the rate recovery  
28 bonds.

29 “(7) The granting, perfection and enforcement of security interests in rate recovery as-  
30 sets to secure rate recovery bonds are subject to ORS chapter 79, except that when a pro-  
31 vision in ORS chapter 79 comes in conflict with a provision in this section, the provision in  
32 this section shall control.

33 “(8) Except when a choice of law rule of this state applies or for enforcement permitted  
34 under the laws of another state, the laws of this state shall govern the creation, validity,  
35 enforceability, attachment, perfection, priority and exercise of remedies with respect to the  
36 creation or transfer of a security interest in a rate recovery asset.

37 “**SECTION 7.** A rate recovery bond, as described under sections 1, 3, 4 and 6 of this 2023
