school year.

(B) An individual may be considered to be a resident of a school district as provided by this
subsection only if, for the 2010-2011 school year, the school district had foreign exchange students
who would have been considered residents under the provisions of this subsection.

SECTION 2. (1) For purposes of ORS 339.133 (5)(a)(B), a person whose legal residence is
not within a school district but who attends a school in the district is considered a resident
of the district in which the person attends the school if the person receives written consent
to attend the school from the district school board where the school is located, as provided
by this section.

(2)(a) By March 1 of each year, a district school board shall determine whether the school
district will participate in open enrollment as provided by this section. When a school district
participates in open enrollment, the district school board shall give consent to persons whose
legal residence is not within the school district as provided by this section.

(b) If the district school board will give consent, the board shall establish standards by
which consent will be given. The standards must:

(A) Identify the number of persons to whom consent will be given for the school year.
The district school board may limit the number of persons to whom consent will be given
based on school, grade or a combination of school and grade.

(B) Allow persons who live within the boundaries of the school district the first oppor-
tunity to change to a different school in the district if the district school board will be giving
consent to attend that school to persons who do not reside within the district.

(3) A person seeking consent as provided by this section must request consent no later
than April 1 prior to the beginning of the school year for which consent is being requested.
Requests may be submitted before the district school board makes the determination and
establishes the standards as described in subsection (2) of this section, but may not be con-
sidered by the board when the board makes the determination and establishes the standards.

(4)(a) A district school board must give consent to a person who requests consent unless:

(A) The board decides to not give consent to any person as allowed by subsection (2) of
this section;

(B) The board decides to limit the number of persons to whom consent will be given and
does not give consent to the person based on the selection process described in subsection
(5) of this section; or

(C) The board is not required to admit the person, as provided by ORS 339.115 (8).

(b) A district school board may not deny consent or give priority based on race, religion,
sex, sexual orientation, gender identity, ethnicity, national origin, disability, health, terms
of an individualized education program, income level, proficiency in the English language, athletic ability, academic records or residence.

(5) If the number of persons seeking consent exceeds the number of persons to whom the district school board has determined will be given consent, the board shall give consent based on an equitable lottery selection process. The process may give priority to persons who have siblings currently enrolled in a school of the school district, but in no event may a sibling be given priority to any open spot in the schools of the school district over any persons who reside within the school district.

(6)(a) If a person is considered a resident of the school district as provided by this section and the person has expressed an interest in attending the schools of another school district before the end of the school year, the school district shall meet with the person and encourage the person to continue to attend the schools of the school district for the remainder of the school year.

(b) If a person is considered a resident of the school district as provided by this section, the school district may not encourage or require the person to attend the schools of another school district as a condition of avoiding a disciplinary measure, including but not limited to suspension or expulsion.

(7)(a) Except as provided by paragraphs (b) and (c) of this subsection, a person who receives consent and who is considered a resident of a district as provided by this section shall be considered a resident of the district for all educational purposes. A person who is considered a resident of the district as provided by this section shall continue to be considered a resident of the district until the person:

(b) A school district is not required to provide transportation outside the boundaries of the district to a person who is considered a resident of the district as provided by this section, except that a district:

(A) Must allow persons who are considered residents of the district as provided by this section to use existing bus routes and transportation services of the district. Costs incurred for transportation provided under this subparagraph are considered approved transportation costs for purposes of ORS 327.013, except for costs incurred for providing transportation solely to persons who are considered residents of the district as provided by this section if the transportation is provided:

   (i) Outside the boundaries of the district; and

   (ii) For the purpose of transporting the persons between home and school.

(B) May provide a stipend for a person who is a member of a low-income family, as defined in ORS 339.147, in an amount that does not exceed the district's average cost per student for transportation.

(C) Must provide transportation if required by federal law. Costs incurred for transportation provided under this subparagraph are considered approved transportation costs for purposes of ORS 327.013.

(c) After the first year that a person is considered a resident of a district as provided by this section, the district school board may transfer the person to a different school in the
district. Any transfers must be made consistent with district policy and do not affect the
status of the person as a resident of the district.

(8) A district school board shall provide written notification of the attendance of a person
who receives consent as provided by this section to the district school board where the legal
residence of the person is located. The written notification required by this subsection must
be provided no later than May 1 prior to the beginning of the school year for which consent
was given.

(9) Nothing in this section:
(a) Requires a district school board to give consent to siblings if the board determines
that consent will not be given to any students for a school year.
(b) Prevents a school district from entering into interagency agreements to provide ser-

the school district.
(c) Prevents or otherwise limits a district school board from giving consent to a person
who has received consent from the district school board for the school district in which the
person resides, as provided by ORS 339.133 (5)(a)(A).

SECTION 3. ORS 339.127 is amended to read:
ORS 339.127. (1) A district school board that admits nonresident students by giving consent as de-
dscribed in ORS 339.133 [(5)(a)] (5)(a)(A) may not consider race, religion, sex, sexual orientation,

(b) Information about whether the school district may be prevented or otherwise limited from
providing consent as provided by ORS 339.115 (8);
(c) Information about whether the student may be given priority as provided by subsection (4)
of this section; and
(d) Information about which schools the student prefers to attend.
(3)(a) A district school board that is considering whether to admit a nonresident student by
giving consent may not:
(A) Request or require any person to provide or have provided any of the following information
related to a student prior to the district school board deciding whether to give consent to the stu-
dent:
(i) Information about the student’s race, religion, sex, sexual orientation, gender identity,
etnicity, national origin, disability, health, whether a student has an individualized education pro-

English language or athletic ability; or
(ii) Academic records, including eligibility for or participation in a talented and gifted program
or special education and related services.
(B) Request or require the student to participate in an interview, to tour any of the schools or
facilities of the school district or to otherwise meet with any representatives of a school or a school
district prior to the district school board deciding whether to give consent to the student.

(C) Request any information used to supplement the information described in subsection (2) of this section prior to deciding whether to give consent to the student.

(b) Nothing in this subsection prevents a student from voluntarily touring any of the schools or facilities of a school district or from requesting or receiving any information from a school or the school district.

(4)(a) A district school board that gives consent as described in ORS 339.133 [(5)(a)] (5)(a)(A) may limit the number of students to whom consent is given. The district school board must make the determination whether to limit the number of students to whom consent is given by an annual date established by the board.

(b) If the number of students seeking consent exceeds any limitations imposed by the district school board, the board must give consent to students based on an equitable lottery selection process. The process may give priority to students who:

(A) Have siblings currently enrolled in a school of the same school district for which the student seeks admission;

(B) Previously had received consent as provided by subsection (10) of this section because of a change in legal residence; or

(C) Attended a public charter school located in the same district for which the student seeks admission for at least three consecutive years, completed the highest grade offered by the public charter school and did not enroll in and attend school in another district following completion of the highest grade offered by the public charter school.

(c) A district school board may revise the maximum number of students to whom consent will be given at a time other than the annual date established by the board if there are no pending applications for consent.

(5) A district school board that is requested to give consent to allow a resident student to be admitted by another school district as described in ORS 339.133 [(5)(a)] (5)(a)(A) may not consider race, religion, sex, sexual orientation, gender identity, ethnicity, national origin, disability, health, whether a student has an individualized education program, the terms of an individualized education program, income level, residence, proficiency in the English language, athletic ability or academic records when determining whether to give consent.

(6) If a district school board decides to not give consent to a student, the board must provide a written explanation to the student.

(7)(a) For a nonresident student who receives consent to be admitted to a school district as described in ORS 339.133 [(5)(a)] (5)(a)(A), a district school board may:

(A) Determine the length of time for which consent is given; and

(B) Revoke consent for failure to comply with minimum standards for behavior or attendance, but may not revoke consent for failure to meet standards for academics.

(b) Any limitations in length of time for consent, as allowed under paragraph (a) of this subsection, must be applied consistently among all students to whom consent is given. The length of time for which consent is given shall not be affected by any changes in the legal residence of the student if the student wishes to continue to attend the schools of the school district.

(c) If consent is revoked as provided by paragraph (a) of this subsection, a student may not request consent from the same school district that revoked the consent for the school year following the school year in which the consent was revoked.

(8) For a resident student who receives consent to be admitted to another school district as
described in ORS 339.133 [(5)(a)] (5)(a)(A), a district school board may not impose any limitations on the length of time for which consent is given to the student. The board may not require the student to receive consent more than one time to be admitted to the same school district, regardless of any time limitations imposed by the district school board under (7)(a)(A) of this section.

(9)(a) A school district that provides consent to nonresident students to attend the schools of the school district may not expend moneys received from the State School Fund or as Local Revenues, as described in ORS 327.011, to advertise openings for nonresident students if the advertisements are:

(A) Located outside the boundaries of the school district, including advertisements that are made by signage or billboards; or

(b) Notwithstanding paragraph (a)(A) of this subsection, if a school is located outside the boundaries of the school district, the school district may advertise openings for nonresident students on the property of the school.

(c) Nothing in this subsection:

(A) Prohibits a school district from providing information or advertisements to nonresident students if the parents of the students request the information or advertisements.

(B) Prohibits a public charter school from advertising openings.

(10) Notwithstanding any other provision of this section, a district school board that is requested to give consent as described in ORS 339.133 [(5)(a)] (5)(a)(A) must give consent to a student whose legal residence changes to a different school district:
