SECTION 1. ORS 286A.035 is amended to read:

286A.035. (1) Each related agency shall report the plans of the related agency for the issuance
of bonds during the next biennium. The related agency shall submit the related agency's report to
the Governor by a date determined by the Governor and shall include in the report a description
of bonds that the related agency intends to retire or defease during the next biennium.

(2) On or before a date determined by the Governor, the State Treasurer shall advise the Gov-
ernor on the prudent maximum amount of bonds to be issued for each bond program. The State
Treasurer shall consider available economic and financial data in preparing advice to be given to
the Governor.

for each state agency for a biennium. Except as provided in subsection (5) of this section, if the

for the preceding biennium until the earlier of:
(a) The date on which legislation authorizing the amount of bonds for the current biennium is
enacted; or
(b) The date on which the Legislative Assembly adjourns sine die.

(5) The unused portion of the amount of pass-through revenue bonds authorized for issue-

direct revenue and pass-through revenue bonds; and
(b) Assigned a maximum amount to each category.

[(6)] (7) This section applies to bonds:

for amounts allocated to the committee for further allocation for economic development, housing,
education, redevelopment, public works, energy, waste management, waste and recycling collection,
transportation and other activities that the committee determines will benefit the citizens of this
state. In developing standards, the committee shall:

(b) Develop strategies for reserving and allocating the limit that are designed to maximize the
availability of tax exempt financing among competing sectors of the Oregon economy; and
(c) Ensure that the standards include but are not limited to standards that:
(A) Support projects that increase the number of family wage jobs in this state.
(B) Promote economic recovery in small cities heavily dependent on a single industry.
(C) Emphasize development in underdeveloped rural areas of this state.
(D) Utilize educational resources available at public universities listed in ORS 352.002.

(5) Unused allocations are not transferable among issuers but are available for reallocation.

(5) Amounts allocated to a state agency on behalf of which the State Treasurer may issue bonds may be suballocated by the state agency, at the state agency's discretion, through an assignment of the allocation to another issuer, provided that the issuer receiving the assignment shall:

(a) Use the allocation for the same category of private activity bond projects for which the allocation was made;

(b) Use the allocation during the calendar year for which the allocation was made; and

(c) Otherwise comply with any terms and conditions imposed in connection with the allocation by the committee or the Legislative Assembly or by rule of the state agency making the assignment.
