A BILL FOR AN ACT

Relating to ballot security; creating new provisions; and amending ORS 254.145, 254.478, 254.482, 254.483 and 254.535.

Be It Enacted by the People of the State of Oregon:

SECTION 1. Sections 2 and 8 of this 2023 Act are added to and made a part of ORS chapter 254.

SECTION 2. (1) The Secretary of State shall design and make available to the public, free of charge on the Internet, a searchable database that an elector may use to view an electronic copy of every ballot cast in a recent election. The searchable database designed under this subsection must:

(a) Ensure that a ballot cast in an election that has attached at least one copy of the ballot's identifier as provided in ORS 254.145 (9) is searchable by the ballot's identifier;

(b) Be maintained in a manner that permits each county clerk to upload an electronic copy of each ballot cast in an election to the database prior to the ballot being tallied; and

(c) Ensure that a ballot is searchable on the database as soon as technologically possible once a county clerk has uploaded the electronic copy of the ballot to the database.

(2)(a) Each county clerk shall scan each ballot cast in an election and upload, prior to the ballot being tallied, an electronic copy of the scanned ballot to the database established and maintained by the Secretary of State under subsection (1) of this section. The county clerk shall use scanning equipment with a resolution sufficient to ensure each electronic copy of a ballot is readable.

(b) Every ballot that is tallied in an election must be scanned into the database established and maintained by the Secretary of State under subsection (1) of this section, regardless of whether the ballot has an identifier.

(c) If a ballot that is scanned into the database established and maintained by the Sec-
Secretary of State under subsection (1) of this section contains a vote for one or more write-in candidates, the electronic copy of the scanned ballot that is viewable in the database must:

(A) Ensure that the name of each write-in candidate is redacted and cannot be viewed in the database; and

(B) Ensure that the bubble indicating that the ballot cast a vote for a write-in candidate may be viewed in the database.

(3) The Secretary of State may adopt rules necessary to implement this section.

SECTION 3. ORS 254.145 is amended to read:

254.145. (1)(a) Except as provided in paragraph (b) of this subsection, the names of candidates for nomination for or election to each office shall be arranged on the ballot in the order determined under ORS 254.155.

(b) The names of candidates for the offices of President and Vice President of the United States shall be arranged in groups.

(2) Except as provided in ORS 254.125 and 254.135 and this section, no information about the candidate, including any title or designation, other than the candidate’s name, may appear on the ballot.

(3) Spaces shall be provided for any offices appearing on the ballot in which the elector may write the name of any person not printed on the ballot. If a voting machine is used, spaces shall be provided on the ballot, or on separate material delivered to the elector with the ballot, in which the elector may write or enter the names of persons for any offices appearing on the ballot.

(4) On the left margin of the ballot, the name of each group or candidate may be numbered. The blank spaces may not be numbered. A particular number may not be used to designate more than one candidate at any election.

(5) The names of all candidates for the same office shall be listed in the same column on the ballot. If more than one column is needed to list names of all candidates for that office, the names may be arranged in one or more columns in block form. The block shall be set apart by rulings under the title of the office. If a blank space follows the list of candidates, the space shall be in the same column as the names of candidates for that office. If blocks of columns are used, blank spaces shall be included within the ruled block.

(6) The ballot shall be clearly marked to indicate when names of candidates for the office are continued on the following page.

(7) When a measure is submitted to the people, the number, ballot title and financial estimates under ORS 250.125 of each measure shall be printed after the list of candidates. A measure referred by the Legislative Assembly shall be designated “Referred to the People by the Legislative Assembly.” A state measure referred by petition shall be designated “Referendum Order by Petition of the People.” A state measure proposed by initiative petition shall be designated “Proposed by Initiative Petition.”

(8) The ballot shall be printed to give the elector a clear opportunity to designate the elector’s choice for candidates and approval or rejection of measures submitted. If a voting machine is not used, the elector shall indicate a preference by making a cross or check mark inside a voting square corresponding to the candidate or answer for which the elector wishes to vote. A voting square may be printed on the blank, write-in vote spaces. However, the elector is not required to place a mark in the voting square corresponding to a name written in a blank space. Words shall be printed on the ballot to aid the elector, such as “Vote for one,” “Vote for three,” and regarding measures, “Yes” and “No.”
(9) On the bottom right corner of each ballot printed for an election, there shall be printed twice a randomized 16-digit alphanumeric identifier unique to that ballot. Each printed identifier shall be capable of being separated from the ballot. The Secretary of State by rule shall establish a statement to be printed on the ballot to inform the elector:
(a) That the elector may choose to separate and remove none, one or both identifiers printed on the ballot;
(b) That the ballot will be scanned and made available on the searchable database described in section 2 of this 2023 Act;
(c) That the ballot will be searchable only by the ballot’s identifier and that in order to be searchable by the ballot’s identifier at least one copy of the identifier must remain attached to the ballot; and
(d) Of the Internet address where the elector may access the searchable database.

SECTION 4. ORS 254.478 is amended to read:
254.478. (1) Subject to ORS 260.705, upon receipt of ballots, the county clerk may:
(a) Begin opening return identification envelopes of ballots and any used secrecy envelopes of ballots; and
(b) In accordance with a security plan approved by the Secretary of State under ORS 254.074, begin:
(A) Scanning each ballot and uploading an electronic copy of each ballot to the searchable database described in section 2 of this 2023 Act; and
(B) Scanning those ballots that have been uploaded to the database into a vote tally system.
(2) The county clerk may take any other actions that are necessary to count ballots.

SECTION 5. ORS 254.482 is amended to read:
254.482. (1) The county clerk, if requested, shall permit authorized persons to be at the place where ballots are printed and inserted into envelopes to watch the printing of ballots and the inserting of ballots into the envelopes to be mailed to electors.
(2) After the date that ballots are mailed as provided in ORS 254.470, the county clerk, if requested, shall permit authorized persons to be at the office of the county clerk to watch the receiving and counting of votes.
(3) The authorization under subsection (1) or (2) of this section shall be in writing, shall be signed by an officer or its county affiliate of a political party, a candidate or the county clerk and shall be filed with the county clerk. The county clerk shall permit only so many persons as watchers under this section as will not interfere with an orderly procedure at the office of the county clerk or the place where ballots are printed and inserted into envelopes to be mailed to electors.

SECTION 6. ORS 254.483 is amended to read:
254.483. (1) Each county clerk is responsible for the safekeeping, disposition and security of all ballots.
(2) Each county clerk shall ensure the identifier printed on each ballot pursuant to ORS 254.145 is randomized and that the identifier is not made available to anyone except the elector who receives the ballot.
(3) As soon as practicable after the final day permitted for a contest of the election or for filing a demand for a recount, the county clerk shall destroy all unused ballots.

SECTION 7. ORS 254.535 is amended to read:
254.535. (1) Except as provided in subsection [(3)] (2) of this section, each tally sheet, return sheet, record relating to a risk-limiting audit conducted under ORS 254.532, record relating to a
hand count of ballots conducted under ORS 254.529, written challenge statement, ballot and bal-
lot return identification envelope shall be preserved for two years after the election to which it re-
lates.

[2] Except as provided in subsection (3) of this section, the county clerk shall destroy the ballots
and written challenge statements not sooner than the 90th day after the final day permitted for a contest
of the election, unless otherwise ordered by the court.]

[(3) (2) In accordance with 42 U.S.C. 1974, any ballot, voter registration records and any other
materials relating to any election at which a candidate is nominated or elected to federal office shall
be retained for not less than 22 months following the date of the election.

SECTION 8. (1)(a) For a period of 90 days following the date of an election, an elector
who has cast a ballot in the election may submit to the county clerk a request to inspect the
elector's ballot if at least one copy of the ballot's identifier remains attached to the ballot.

(b) If the elector has previously removed one copy of the ballot's identifier, the elector
may verify that the identifier previously removed from the ballot fits along the torn edge of
the ballot.

(2) The county clerk shall maintain the ballots in a manner that makes a ballot readily
available to retrieve in response to a request made under subsection (1) of this section. The
county clerk shall store the ballots in batches and maintain an index that records in which
batch a ballot, based on the ballot's identifier, is stored.

(3) The county clerk may charge the elector a reasonable fee to recover the cost of re-
trieving the elector's ballot.

SECTION 9. (1) Sections 2 and 8 of this 2023 Act and the amendments to ORS 254.145,
254.478, 254.482, 254.483 and 254.535 by sections 3 to 7 of this 2023 Act become operative on
January 1, 2025.

(2) The Secretary of State and county clerks may take any action before the operative
date specified in subsection (1) of this section that is necessary to enable the Secretary of State
and county clerks to exercise, on and after the operative date specified in subsection
(1) of this section, all the duties, functions and powers conferred on the Secretary of State
and county clerks by sections 2 and 8 of this 2023 Act and the amendments to ORS 254.145,
254.478, 254.482, 254.483 and 254.535 by sections 3 to 7 of this 2023 Act.

SECTION 10. Sections 2 and 8 of this 2023 Act and the amendments to ORS 254.145,
254.478, 254.482, 254.483 and 254.535 by sections 3 to 7 of this 2023 Act apply to primary
elections, general elections and special elections held on or after January 1, 2025.
