(2) This section shall provide the procedure for making reductions in teacher staff positions re-
sulting from a school district’s lack of funds to continue its educational program at its anticipated
level or resulting from the school district’s elimination or adjustment of classes due to administra-
tive decision. Nothing in this section is intended to interfere with the right of a fair dismissal dis-

[2]
[B] If the release of a qualified teacher with cultural or linguistic expertise who has equal sen-
iority would result in a lesser proportion of teachers with cultural or linguistic expertise compared to
teachers without cultural or linguistic expertise, the school district shall retain the teacher with cultural
or linguistic expertise.]

[(d)] (c) For the purposes of this subsection, seniority shall be calculated from the first day of
actual service as teachers with the school district, inclusive of approved leaves of absence.

[(e)] (d) Nothing in this subsection prohibits a school district from requiring that teachers to
be retained hold proper licenses or other credentialing at the time of layoff to fill remaining posi-
tions or prohibits a school district from retaining a teacher as allowed under subsection (5) of this
section.

(5) A school district may retain a teacher with less seniority than a teacher being released un-
der this section if the school district determines that the teacher being retained has more compe-
tence or merit than the teacher with more seniority who is being released.

(6)(a) Except as provided by paragraph (b) of this subsection, an administrator shall retain status
and seniority as a contract teacher and voluntarily may return to teaching in a reduction in staff
situation.

(b) An administrator who was never employed as a teacher in the school district shall not be
eligible to become a nonadministrative teacher in the school district if the effect is to displace a
nonadministrative contract teacher.

(7) In consultation with its employees or, for those employees in a recognized or certified col-
lective bargaining unit, with the exclusive bargaining representative of that unit, each school dis-
trict shall establish a procedure for recalling teachers to employment in the school district who have
been released because of a prospective or actual reduction in staff. The procedure shall define the
criteria for recall and the teacher shall have the right of recall for 27 months after the last date
of release by the school district unless waived as provided in the procedure by rejection of a specific
position. A contract teacher who is recalled shall retain the status obtained before the release. A
probationary teacher who is recalled shall have years of teaching for the school district counted as
if the employment had been continuous for purposes of obtaining contract teacher status.

(8) An appeal from a decision on reduction in staff or recall under this section shall be by ar-
bitration under the rules of the Employment Relations Board or by a procedure mutually agreed
upon by the employee representatives and the employer. The results of the procedure shall be final
and binding on the parties. Appeals from multiple reductions may be considered in a single arbi-
tration. The arbitrator is authorized to reverse the staff reduction decision or the recall decision
made by the school district only if the school district:

(a) Exceeded its jurisdiction;
(b) Failed to follow the procedure applicable to the matter before it;
(c) Made a finding or order not supported by substantial evidence in the whole record; or
(d) Improperly construed the applicable law.

(9)(a) A school district shall not agree in any collective bargaining agreement to waive the right
to consider competence in making decisions about the order of reduction in staff or recall of staff.
Nothing in this subsection shall prevent a school district and the exclusive bargaining representa-
tive from agreeing to alternative criteria for competence determinations under this subsection so
long as the criteria ensure that all retained teachers are qualified for the positions they fill.

(b) As used in this subsection, “qualified” means the measurement of the teacher’s ability to
teach the particular grade level or subject matter in which the teacher is placed after the reduction
in force. Qualifications shall be measured by more than seniority and licensure, but may include other criteria that reasonably measure the teacher’s fitness to teach the relevant grade or subject level. Determinations of competence or qualifications under this subsection may take into account requirements for any special needs students.
