SENATE AMENDMENTS TO
SENATE BILL 582

By COMMITTEE ON ENERGY AND ENVIRONMENT

April 3

On page 1 of the printed bill, delete lines 4 through 25 and delete page 2 and insert:

"SECTION 1. (1) As used in this section:

(a) ‘Electric vehicle charging system’ includes any electrical system or device needed for the delivery of electrical current for the purpose of charging one or more electric vehicles.

(b) ‘Equivalent training program’ means a registered apprenticeship or continuing education electrician program for the installation and maintenance of an electric vehicle charging system that is developed in accordance with a national guideline standard approved by the United States Department of Labor, in consultation with the United States Department of Transportation, and approved by the Electrical and Elevator Board.

(c) ‘State agency’ means any state office, department, division, bureau, board or commission or any other state agency.

(2) A state agency that authorizes or funds, in whole or in part, the installation of an electric vehicle charging system to be located on the customer's side of the meter shall require as a condition of the authorization or funding that:

(a) The electric vehicle charging system be installed by a contractor or contractors who hold all licenses legally required to perform the electrical installation work;

(b) One or more electricians who hold an Electric Vehicle Infrastructure Training Program or equivalent training program certification supervise or participate in the installation work for the periods during which electrical installation work is being performed; and

(c) An electrical inspector verify that each electrician who is supervising or participating in the installation work holds the certifications required under this subsection.

(3) The requirements under this section do not apply to the installation of an electric vehicle charging system for a single-family dwelling, townhouse or multifamily residential building with four or fewer residential units.

"SECTION 2. Section 1 of this 2023 Act is amended to read:

"Sec. 1. (1) As used in this section:

(a) ‘Electric vehicle charging system’ includes any electrical system or device needed for the delivery of electrical current for the purpose of charging one or more electric vehicles.

(b) ‘Equivalent training program’ means a registered apprenticeship or continuing education electrician program for the installation and maintenance of an electric vehicle charging system that is developed in accordance with a national guideline standard approved by the United States Department of Labor, in consultation with the United States Department of Transportation, and approved by the Electrical and Elevator Board.

(c) ‘State agency’ means any state office, department, division, bureau, board or commission or any other state agency.
“(2)(a) A state agency that authorizes or funds, in whole or in part, the installation of an electric vehicle charging system to be located on the customer’s side of the meter shall require as a condition of the authorization or funding that:

“(a) The electric vehicle charging system be installed by a contractor or contractors who hold all licenses legally required to perform the electrical installation work;

“(b) One or more electricians who hold an Electric Vehicle Infrastructure Training Program or equivalent training program certification supervise or participate in the installation work for the periods during which electrical installation work is being performed; and

“(c) An electrical inspector verify that each electrician who is supervising or participating in the installation work holds the certifications required under this subsection.

“(b) In addition to the requirements under paragraph (a) of this subsection, when the installation is for an electric vehicle charging system to be located on the customer’s side of the meter that will supply 25 or more kilowatts to an electric vehicle, the state agency shall require that at least 25 percent of electricians who are present and working on the installation hold Electric Vehicle Infrastructure Training Program or equivalent training program certifications.

“(3) The requirements under this section do not apply to the installation of an electric vehicle charging system for a single-family dwelling, townhouse or multifamily residential building with four or fewer residential units.

“SECTION 3. (1) As used in this section, ‘equivalent training program’ has the meaning given that term in section 1 of this 2023 Act.

“(2) The Electrical and Elevator Board shall approve the Electric Vehicle Infrastructure Training Program (EVITP), and review equivalent training programs for consideration, as a continuing education program that meets the continuing education standards established by the board under ORS 479.680 (1).

“(3)(a) The board shall, on an annual basis, review the cost to take the EVITP course and certification exam and request from the EVITP provider information on the number of electricians who have signed up for the course, completed the course and passed the certification exam.

“(b) The board may track the aggregate demographic data of electricians who pass the certification exam.

“(4) The board may audit the EVITP to ensure that the EVITP includes the most current national electrical codes and best practices for the installation of electrical vehicle charging systems.

“SECTION 4. (1) As used in this section, ‘equivalent training program’ has the meaning given that term in section 1 of this 2023 Act.

“(2) The Bureau of Labor and Industries shall establish a program to provide one-time grants to reimburse individuals who successfully complete:

“(a) The Electric Vehicle Infrastructure Training Program (EVITP) and pass the EVITP certification exam; or

“(b) An equivalent training program and pass the equivalent training program certification exam.

“(3) The amount of a grant awarded under this section shall be for the cost of the EVITP or equivalent training program course and certification exam actually incurred by the individual.
“(4) The bureau shall prescribe the form and manner in which an individual may apply for a grant under the program.

“(5) The Commissioner of the Bureau of Labor and Industries may adopt rules to carry out this section.

SECTION 5. Section 4 of this 2023 Act is repealed on January 1, 2025.

SECTION 6. There is appropriated to the Bureau of Labor and Industries, for the biennium beginning July 1, 2023, out of the General Fund, the amount of $_______ for the purpose of making grants under the program established pursuant to section 4 of this 2023 Act.

SECTION 7. (1) As used in this section, ‘equivalent training program’ has the meaning given that term in section 1 of this 2023 Act.

“(2) The amendments to section 1 of this 2023 Act by section 2 of this 2023 Act become operative on the day after the date the Electrical and Elevator Board certifies that 500 individuals in the state have completed:

“(a) The Electric Vehicle Infrastructure Training Program (EVITP) and passed the EVITP certification exam; or

“(b) An equivalent training program and passed the equivalent training program certification exam.

“(3) The board shall notify the appropriate committees of the Legislative Assembly related to consumer and business services upon certifying that 500 individuals in the state have completed:

“(a) The EVITP and passed the EVITP certification exam; or

“(b) An equivalent training program and passed the equivalent training program certification exam.”
