(3) The provisions of this section are subject to the restrictions specified in Article IX, section 16, of the Oregon Constitution.

SECTION 3. As used in Article IX, section 16, of the Oregon Constitution:
(1) “Highway” has the meaning given that term in ORS 366.005.
(2) “Public body” has the meaning given that term in ORS 174.109.

SECTION 4. Section 8, chapter 7, Oregon Laws 2022, is amended to read:
Sec. 8. (1) Subject to the limitations under Article IX, section 16, of the Oregon Constitution, a board shall have the exclusive power to impose, fix and periodically adjust the rate of tolls or other charges for use of a bridge owned or operated by the commission without approval, authorization or concurrence by a state legislature, state toll authority, local government, state agency, state official or other entity. The board may establish and implement rules for specifying the rate of tolls and other charges, including but not limited to discounts, exemptions and distinct rates for certain classes of vehicle and user. Nothing in ORS 383.001 to 383.245 prohibits a commission from establishing or setting a toll or other charge for use of a bridge owned or operated by the commission.
(2) In setting and periodically adjusting toll rates or other charges, a board shall ensure that toll rates and other charges annually yield revenue sufficient to meet the costs, expenses and obligations of the commission, including the satisfaction of the financial and other covenants made by the commission with regard to bonds or other debt instruments.
(3) To enforce the payment of tolls and other charges for use of a bridge, the commission may enter into agreements with the Department of Transportation and an agency of the State of Washington. An agreement may provide that:
(a) The department or agency shall provide information to the commission or the commission's designee to identify registered owners of vehicles who fail to pay a toll or other charge established by the commission under this section.
(b) If a commission, or a commission's designee, gives notice to the department or agency that a person has not paid a toll or other charge established under this section, the department or agency shall refuse to renew the motor vehicle registration of the motor vehicle operated by the person at the time of the violation.
(c) The department or agency may renew a motor vehicle registration of a person described in paragraph (b) of this subsection upon receipt of a notice from a commission, or a commission's designee, indicating that all tolls and other charges established under this section and owed by the person have been paid.
(4) A transponder record or recorded image of a vehicle and the registration plate of the vehicle produced by a photo enforcement system at the time a driver of a vehicle did not pay a toll is prima facie evidence that the registered owner of the vehicle is the driver of the vehicle, provided that, if the registered owner of a vehicle is a person in the vehicle rental or leasing business, the regis-
tered owner may identify the person who was operating the vehicle at the time the toll was not paid
or pay the toll and other charges. A registered owner of a vehicle who pays a toll or other charge
imposed while another person was operating the vehicle of the registered owner is entitled to full
reimbursement from the operator. The rights granted to the commission to enforce the payment of
tolls and other charges of the commission under sections 2 to 15 of this 2022 Act are supplemental,
and the commission may employ all other remedies available to the commission under the laws of
the State of Oregon and the State of Washington.

(5) The proceeds from toll rates and other charges of the commission may only be used to pay
the necessary and incidental costs and expenses incurred by the commission in connection with
owning, constructing, operating, maintaining, renewing and governing a bridge, including but not
limited to costs incurred for:

(a) The design, development, construction, equipping, installation, financing or refinancing of the
bridge, demolition and removal of the existing bridge and mitigation of associated impacts;
(b) The operation, repair, maintenance, resurfacing, preservation, equipping, improvement, re-
construction, renewal and replacement of the bridge;
(c) The tolling of the bridge, the collection, administration and enforcement of tolls and the ac-
quision, leasing, maintenance and replacement of tolling equipment and software;
(d) The financing or refinancing of any bonds or other debt instruments of the commission;

gations of the commission;
(f) The establishment and maintenance of reserves or sinking funds approved by the board; and
(g) Any other obligations or expenses incurred by the commission in carrying out the
commission's purposes under sections 2 to 15 of this 2022 Act.

(6) The commission may grant to a public or private entity by franchise, lease or in another
manner the use or control of all or part of a bridge, property or facility owned or under the control
of the commission, and may fix the terms, conditions, rents and other payments for the use or con-
trol.

(7) For the purpose of funding a bridge under sections 2 to 15 of this 2022 Act, the approaches,
connecting roads, related facilities and appurtenances on both sides of the Columbia River are des-
ignated as part of the highway system of Oregon. All revenues, receipts, grants, bond proceeds and
other funds of the commission may be commingled and spent to carry out the purposes of the com-
mission, unless and to the extent otherwise restricted by the terms of a grant agreement or debt
instrument.

SECTION 5. This 2023 Act does not take effect unless the amendment to the Oregon
Constitution proposed by _____ Joint Resolution ___ (2023) (LC 156) is approved by the people
at the regular general election held in November 2024. This 2023 Act takes effect on the ef-
tective date of that amendment.
