hours of instruction and educational services as the majority of students without disabilities
who are in the same grade within the student's resident school district.

“(b) Removal from school is neither a service nor support for students with disabilities.

“(c) Use of an abbreviated school day program for students with disabilities should be
infrequent and, under most circumstances, should be used for a limited duration.

“(2) Before considering or recommending a student with a disability for an abbreviated
school day program, a school district must document reasonable efforts to provide mean-
ingful access to the same number of hours of instruction and educational services that are
provided to the majority of other students who are in the same grade within the student’s
resident school district.
“(3) A school district may not consider, recommend or implement an abbreviated school
day program due to the school district, or a contractor with the school district, having in-
adequate staffing available for instruction or educational services.

“(4) For the purpose of determining if an abbreviated school day program has been im-
plemented, or of determining if a student with a disability has received an abbreviated school
day for more than 10 school days, the following are considered examples of an abbreviated
school day:

“(a) The school district implementing policies or taking actions that are not applied to
the majority of other students who are in the same grade within the student’s resident

from attending or otherwise making attendance inaccessible for a planned activity, including
a field trip, a special event or an outdoor school program.

construction, special events or weather when that lack of access does not apply to the ma-

trict.

“(e) The school district providing transportation that arrives at the student’s school after
the start of the school day or leaves from the student’s school before the end of the school
day and that causes the student to receive fewer hours of instruction or educational services
than the number of hours provided to the majority of other students who are in the same
grade within the student’s resident school district.

“(f) The school district failing to provide transportation identified in the student’s indi-
vidualized education program or 504 Plan.

“(g) The student being placed in a program or school when:

“(A) The program or school offers all students attending the program or school fewer
hours of instruction and educational services than are provided to the majority of other
students who are in the same grade within the student’s resident school district; and

“(B) The student’s resident school district does not provide the student with an addi-
tional placement that ensures that the student has meaningful access to the same number
of hours of instruction and educational services that are provided to the majority of other
students who are in the same grade within the student’s resident school district.

“(5) If an individualized education program team recommends that a student with a dis-
ability be placed in a program or school that offers fewer hours of instruction and educa-
tional services than are provided to the majority of other students who are in the same grade
within the student’s resident school district, the school district must inform the parent or foster parent in a language and format accessible to the parent or foster parent of the following:

“(a) That placement in the program or school would be an abbreviated school day program placement unless a sufficient number of additional hours of instruction or educational services are provided to the student to ensure that the student has meaningful access to at least the same total number of hours of instruction and educational services that are provided to the majority of other students who are in the same grade within the student’s resident school district; and

“(b) The number of hours of instruction and educational services that, over the course of two ordinary full school weeks, the student will not be able to access while placed on the abbreviated school day program if the student is not provided additional hours of instruction or educational services as described in paragraph (a) of this subsection.

“(6)(a) When a school district places a student with a disability in a school or program, the student’s resident school district shall ensure that the student has meaningful access to the same number of hours of instruction and educational services that are provided to the majority of other students who are in the same grade within the student’s resident school district unless the student’s parent or foster parent has provided informed and written consent for an abbreviated school day program placement.

“(b) Prior to the placement of a student with a disability in a school or program, the student’s resident school district shall ensure that the student has meaningful access to the same number of hours of instruction and educational services that are provided to the majority of other students who are in the same grade within the student’s resident school district.

“(c) When calculating the number of hours of instruction and educational services that are provided by a school or program that operates on a different schedule than the schedule of the resident school district of a student with a disability, the resident school district must compare the total number of hours of instruction and educational services offered over the course of two ordinary full school weeks to determine whether the student will have meaningful access to the same number of hours of instruction and educational services that are provided to the majority of other students who are in the same grade in the student’s resident school district.

“(d) The requirements of this subsection apply regardless of whether the resident school district has control over the school or program that the school district is considering placing the student with a disability in, including schools and programs that provide services under a contract with a school district or that serve students from multiple school districts.

“(7) A school district may not unilaterally place a student with a disability on an abbreviated school day program, regardless of the age of the student.

“SECTION 3. A school district may not provide an abbreviated school day program to a student with a disability unless all of the following are satisfied:

“(1) The student’s individualized education program team:

“(a) Recommends that the student should be placed on an abbreviated school day program:

“(A) Based on the student’s individual needs, which may not include consideration of a lack of school district resources, including:
“(i) Licensed or classified staff;
“(ii) Availability of training;
“(iii) Accessible facilities; and
“(iv) Related services, including nursing services and transportation services; and
“(B) After the opportunity for the student’s parent or foster parent to meaningfully participate in a meeting of the individualized education program team to discuss an abbreviated school day program placement, including the reasonable opportunity to physically attend the meeting of the individualized education program team at which the abbreviated school day program placement is discussed.
“(b) Makes determinations about the instruction and educational services to be offered to the student based on the student’s individual needs.
“(c) Documents that the school district offered at least one reasonable alternative placement that included appropriate supports for the student and that could enable the student to have meaningful access to the same number of hours of instruction and educational services that are provided to the majority of other students who are in the same grade within the student’s resident school district.
“(d) Documents the specific provisions of the abbreviated school day program, including:
“(A) How the abbreviated school day program will be designed to:
“(i) Support the student’s return to a school day program that is not an abbreviated school day program; and
“(ii) Make progress toward the student’s individualized learning goals and progress in the general curriculum;
“(B) The number of hours of instruction and educational services to be provided to the student while the student is placed on the abbreviated school day program;
“(C) How the student’s progress toward the student’s individualized learning goals and progress in the general curriculum will be measured; and
“(D) The date by which the student is expected to return to a school day program that is not an abbreviated school day program.
“(2) Prior to the discussion of the abbreviated school day program placement, the school district provides a written statement to the student’s parent or foster parent in a language and format accessible to the parent or foster parent informing the parent or foster parent of:
“(a) The student’s right to have meaningful access to the same number of hours of instruction and educational services as the majority of other students who are in the same grade within the student’s resident school district;
“(b) The prohibition on the school district to unilaterally place a student with a disability on an abbreviated school day program; and
“(c) The parent’s or foster parent’s right, at any time, to withdraw consent for an abbreviated school day program placement or to request a meeting of the student’s individualized education program team to discuss whether the student should no longer be placed on an abbreviated school day program.
“(3) The school district provides a written statement summarizing the documentation described in subsection (1)(c) and (d) of this section in a language and format accessible to the parent or foster parent.
“(4) The school district receives a signed acknowledgment from the parent or foster
parent acknowledging receipt of the written statement described in subsection (2) of this 
section.

“(5) The parent or foster parent provides informed and written consent for the abbrevi-
ated school day program placement.

“SECTION 4. (1) When a student with a disability is placed on an abbreviated school day 
program, the provisions of this section apply.

“(2) For each student with a disability placed on an abbreviated school day program, the 
school district shall:

“(a) At least once every 30 calendar days during the school year:

“(A) Provide the following information in writing to the parent or foster parent of the 
student in a language and format accessible to the parent or foster parent:

2023 Act;

“(ii) The prohibition against a school district unilaterally placing a student with a disa-

grade within the student's resident school district; and

“(iv) The parent's or foster parent’s right, at any time, to withdraw consent for an ab-

on an abbreviated school day program.

“(B) Obtain from the parent or foster parent a signed acknowledgment that the parent 
or foster parent received the information described in subparagraph (A) of this paragraph 
and does not choose to withdraw consent for an abbreviated school day program placement.

“(b) Hold a meeting of the student's individualized education program team to review the 
student's abbreviated school day program and discuss whether to continue the abbreviated 
school day program placement. During the school year, a meeting must be held:

“(A) No fewer than 25 calendar days and no more than 35 calendar days after the initial 
placement on the abbreviated school day program.

“(B) No less frequently than once every 30 calendar days, starting after the meeting de-
scribed in subparagraph (A) of this paragraph, unless the parent or foster parent provides 
written consent to meet less frequently than once every 30 calendar days. Notwithstanding 
written consent provided under this subparagraph:

“(i) In no event may a meeting be held less frequently than:

“(I) Once every 90 calendar days for a student with an individualized education program, 
starting after the meeting described in subparagraph (A) of this paragraph;

“(II) Once every year for a student with a 504 Plan, starting after the meeting described 
in subparagraph (A) of this paragraph;

“(III) Once every year for a student who is enrolled in a virtual public charter school 
that operates in compliance with ORS chapter 338 and who has meaningful access to the 
same number of hours of instruction and educational services as the majority of other stu-

starting after the meeting described in subparagraph (A) of this paragraph; or

“(IV) Once every year for a student receiving educational services in a pediatric nursing
facility as provided in ORS 343.941, starting after the meeting described in subparagraph (A)
of this paragraph; and

“(ii) A meeting must be held within 14 calendar days of a parent or foster parent re-
questing a meeting.

“(c) If the parent or foster parent provides a signed acknowledgment under paragraph
(a)(B) of this subsection and the abbreviated school day program placement continues, in-
clude in the student’s individualized education program or 504 Plan a written statement that:

“(A) Explains the reasons the student was placed on the abbreviated school day program;

“(B) Describes in detail other reasonable options that were considered and documents
why each option considered was not implemented.

“(d) Inform the Department of Education about the student’s abbreviated school day
program placement, including:

“(A) The grade level of the student;

“(B) The number of hours of instruction and educational services the school district is
scheduled to provide to the student each week;

“(C) The date the student began the abbreviated school day program; and

“(D) The date by which the student is expected to receive meaningful access to the same
number of hours of instruction and educational services that are provided to the majority
of other students who are in the same grade within the student’s resident school district.

“(3)(a) The school district superintendent must review a student’s abbreviated school day
program placement if the student is placed on an abbreviated school day
program placement for:

“(A) Ninety or more cumulative calendar days during a school year; or

“(B) Ninety or more cumulative calendar days, excluding summer break, when the stu-
dent is placed on an abbreviated school day program during two or more consecutive school
years.

“(b) The school district superintendent must review the student’s abbreviated school day
program placement when required under paragraph (a) of this subsection and:

“(A) Find that the abbreviated school day program placement is compliant with state and
federal law and document in writing:

“(i) The efforts of the school district to facilitate the student’s meaningful access to the
same number of hours of instruction and educational services that are provided to the ma-
jority of other students who are in the same grade within the student’s resident school dis-

“(ii) The specific barriers that prevent that meaningful access; or

“(B) Find that the abbreviated school day program placement is not compliant with state
and federal law and ensure that, within five school days of making the finding, the student
has meaningful access to the same number of hours of instruction and educational services
that are provided to the majority of other students who are in the same grade within the
student’s resident school district unless an extension has been allowed as provided by section
5 (1)(d) of this 2023 Act.

“(c) In addition to a finding made under paragraph (b) of this subsection, for any student

“(B) The student's progress toward on-time graduation with a high school diploma, a modified diploma or an extended diploma.

“(d) If the student is served by an education program through an education service district, the requirements of paragraphs (a) to (c) of this subsection apply to the superintendent of the resident school district.

“(e) Any findings or documentation required under paragraphs (b) and (c) of this subsection must be provided, within five school days of making the finding, to the student's parent or foster parent in a language and format accessible to the parent or foster parent.

“SECTION 4a. Section 4 of this 2023 Act becomes operative July 1, 2023.

“SECTION 5. (1)(a) A parent or a foster parent may, at any time, revoke consent for the placement of a student with a disability on an abbreviated school day program.

“(b) Consent for the abbreviated school day program placement shall be considered revoked if, at any time, the parent or the foster parent revokes the consent, in writing, to an abbreviated school day program placement or makes a written objection to the abbreviated school day program placement.

“(c) Upon receipt of a written revocation or objection to the abbreviated school day program placement, the school district superintendent shall ensure that, within five school days, the student has meaningful access to the same number of hours of instruction and educational services that are provided to the majority of other students who are in the same grade within the student's resident school district.

“(d) Notwithstanding paragraph (c) of this subsection, a parent or foster parent of a student may allow the school district superintendent to have an extension of an additional five school days to ensure that the student has meaningful access to the same number of hours of instruction and educational services that are provided to the majority of other students who are in the same grade within the student's resident school district if:

“(A) The parent or foster parent provides written consent for the extension;

“(B) The parent or foster parent has not previously provided written consent for an extension for the student during the school year;

“(C) The written consent states that the parent or foster parent understands that the parent or foster parent is not required to give consent for the extension and that the refusal to give consent for the extension will not result in adverse actions being taken against the student; and

“(D) The school district provides to the parent or foster parent, in writing and in a language and format access to the parent or foster parent, the specific reasons why the extension is needed.

“(e) If a school district fails to provide meaningful access before the expiration of an extension allowed under paragraph (d) of this subsection, any calculations of compensatory education that must be provided by the school district will be made as though an extension had not been allowed.

“(f) If a student is on an abbreviated school day program on the last day of the school year and the student's parent or foster parent makes a written objection to the abbreviated school day program placement or revokes consent for the abbreviated school day program
placement at least 14 calendar days prior to the beginning of the next school year, the student shall, beginning on the first day of the new school year, be provided with meaningful access to the same number of hours of instruction and educational services that are provided to the majority of other students who are in the same grade within the student's resident school district.

“(2)(a) When the Department of Education receives a complaint or otherwise has cause to believe a school district is not in compliance with sections 2 (7) and 3 (5) of this 2023 Act, the department must initiate an investigation and inform the school district of any non-compliance within 30 calendar days of receiving the complaint or having cause to believe the school district is not in compliance.

“(b) If a complaint described in paragraph (a) of this subsection relates to a specific student and is submitted by the student's parent or foster parent, the Superintendent of Public Instruction shall:

“(A) Presume that consent for the abbreviated school day program placement has been revoked.

“(B) Immediately, and in no case no more than two business days after receipt of the complaint, order the school district to provide to the student, within five school days, meaningful access to the same number of hours of instruction and educational services that are provided to the majority of other students who are in the same grade within the student's resident school district. For the purpose of this subparagraph, 'business day' has the meaning given that term in ORS 192.311.

“(C) Find the school district is not in compliance with sections 2 (7) and 3 (5) of this 2023 Act if the school district fails to comply with the order described in subparagraph (B) of this paragraph.

“(c) If the superintendent finds that a school district is not in compliance with sections 2 (7) and 3 (5) of this 2023 Act, either after an investigation or as provided by paragraph (b) of this subsection, the superintendent shall:

“(A) Enter an order that any students named in the complaint or identified in the course of an investigation initiated under paragraph (a) of this subsection who are placed on an abbreviated school day program in violation of sections 2 (7) and 3 (5) of this 2023 Act be provided, within five school days of the final order, with meaningful access to the same number of hours of instruction and educational services that are provided to the majority of other students who are in the same grade within the student's resident school district.

“(B) If the school district fails to comply with the order described in subparagraph (A) of this paragraph within five school days, find the school district nonstandard under ORS 327.103 or 334.217 until all students subject to the order and placed on an abbreviated school day program in violation of sections 2 (7) and 3 (5) of this 2023 Act are provided with meaningful access to the same number of hours of instruction and educational services that are provided to the majority of other students who are in the same grade within the student's resident school district.

“(C) If the school district fails to comply with the order described in subparagraph (A) of this paragraph within 10 school days and notwithstanding any timelines or process requirements of ORS 327.103 or 334.217, immediately withhold State School Fund moneys that otherwise would be distributed to the school district. Amounts withheld must be calculated based on the weighted average daily membership attributable to the students subject to the
order, as calculated under ORS 327.013, and the percentage of the school year that the stu-
dents were placed on an abbreviated school day program in violation of sections 2 (7) and 3
(5) of this 2023 Act.

“(D) Require the school district to provide compensatory education to the students sub-
ject to the order that is equivalent to at least one hour of direct instruction for every two
hours of instruction that were lost due to an abbreviated school day program placement in
violation of sections 2 (7) and 3 (5) of this 2023 Act.

“(3) The failure of a school district superintendent to restore meaningful access to a
student within the time required by section 4 (3)(b)(B) of this 2023 Act or subsection (1)(c)
or (d) of this section or to comply with an order issued under subsection (2)(c) of this section
to restore meaningful access to all students subject to the order may be grounds for disci-
pline by the Teacher Standards and Practices Commission under ORS 342.175. If the com-
mition receives a complaint concerning a failure described in this subsection, the
commission shall take into consideration the responsive efforts and actions of the super-
intendent to restore meaningful access to the student or students.

“SECTION 6. Sections 2, 3, 4 and 5 of this 2023 Act do not apply to any of the following:
“(1) Any abbreviated school days that are a component of discipline imposed in compli-
ance with ORS 339.250 or 339.252.

schools due to actions taken under a public health emergency authorized under ORS 433.441
to 433.452.

hours of instruction and educational services as the majority of other students enrolled in
the same program as the student.

“(6) A student whose parent or foster parent has notified an education service district
that the student is being taught by a parent, legal guardian or private teacher under ORS
339.035.

“(8) A high school student who is voluntarily enrolled in an alternative education pro-
gram in compliance with ORS 336.635, the Expanded Options Program under ORS 340.005 to
340.090 or an accelerated college credit program as defined in ORS 340.300, when:
“(a) The majority of the students of the program are not students with disabilities;
“(b) The student is not restricted to attending fewer hours of instruction and educational
services than the number of hours of instruction and educational services attended by the
majority of students without disabilities who are in the same grade and who attend the same
program; and
“(c) For an alternative education program in which the student is enrolled under ORS
336.635, the school district informs the parent or foster parent, in writing and in a language
and format accessible to the parent or foster parent, that upon written request of the parent
or foster parent, the student will be immediately restored to a school that allows the student
to access the same number of hours of instruction and educational services that are provided
to the majority of other students who are in the same grade within the student’s resident
school district.

as a prerequisite to pursuing any rights or remedies provided under other state or federal
statutes or common law.
