SECTION 1. Sections 2 to 4 of this 2023 Act are added to and made a part of ORS chapter 458.

SECTION 2. (1) The Housing and Community Services Department shall provide grants for the development of owner-occupied single-family homes as provided in this section.

(2) To be eligible for a grant under this section, the grantee must:

(a) Be or partner with a culturally responsive or culturally specific organization;

(b) Demonstrate strategies to make eligibility for purchasing a home available to historically underserved communities, including communities of color; and

(c) Sell each home to a low income household that is a first-time home buyer that will occupy the home as its primary residence.

(3) Each home must be subject to an affordability restriction, such as a restriction described in ORS 456.270 to 456.295, for a term of no less than 90 years, that makes the home available for purchase:

(a) Only by households that are low income and that will occupy the property; and

(b) At a price that is affordable to low income households, as defined in ORS 456.270.

(4) The department may award larger grants per developed home under this section for homes that will be made affordable to lower income households, but with the target of awarding grants under this section that average $200,000 per developed home.

(5) The department shall give preference to grantees:

(a) That finance or arrange financing of the sale of the home at below-market interest rates or with down payments of less than $10,000; or

(6) The department may release up to 15 percent of the total grant amount awarded under this section for a grantee's predevelopment costs, including infrastructure, site acquisi-
tion, planning, reports, surveys and consultants, only if the grantee is a public benefit
corporation whose primary purpose is the development of affordable housing. A grantee who
receives moneys for predevelopment costs and is unable to complete the development of the
homes is not liable to the department for the return of any predevelopment costs actually
and reasonably spent, except for any equity that the grantee has retained in the real prop-
erty.

(7) The sale of homes under this section includes ownership of a ground lease with a term
of at least 90 years or ownership of a share in a cooperative or other form of equity interest
in the real property.

assistance to eligible organizations under the Affordable Housing Land Acquisition Revolving
Loan Program under ORS 456.502 that:
