Senate Bill 1047
Sponsored by Senator WAGNER (at the request of Governor Tina Kotek)

SUMMARY
The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure as introduced.

Raises contract price threshold under which contracting agency may apply certain solicitation and procurement methods for public contracts. Requires state contracting agency that awards public contract with contract price of $10,000 or more to document in state contracting agency's procurement file actions that state contracting agency takes to provide notice of procurement to Governor's Policy Advisor for Economic and Business Equity and to invite or consider for participation in procurement businesses or enterprises that Certification Office for Business Inclusion and Diversity certifies.

Requires Oregon Department of Administrative Services to promote policy of diversity, equity and inclusion in public contracting by engaging in efforts to increase public contracting opportunities for businesses and enterprises that Certification Office for Business Inclusion and Diversity has certified. Requires department to review and evaluate results of disparity study, to develop plan to implement and implement priority recommendations of study and to report periodically to Governor's Policy Advisor for Economic and Business Equity concerning progress of department's plan and implementation.

Takes effect on 91st day following adjournment sine die.

A BILL FOR AN ACT
Relating to equity in public procurements; creating new provisions; amending ORS 279B.065, 279B.070 and 279C.335; and prescribing an effective date.

Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 279B.065 is amended to read:

279B.065. (1) A contracting agency may award a procurement of public contract for goods or services that does not exceed $10,000 a contract price of $25,000 in any manner the contracting agency deems practical or convenient, including by direct selection or award. A contract awarded under this section may be amended to exceed $10,000 $25,000 only in accordance with rules adopted under ORS 279A.065.

(2) A state contracting agency that awards a public contract with a contract price of $10,000 or more using a method permitted under this section shall document in the state contracting agency's procurement file the actions the state contracting agency takes to:
   (a) Comply with ORS 200.035; and
   (b) Consider for the procurement businesses or enterprises that the Certification Office for Business Inclusion and Diversity certifies under ORS 200.055. [2(3) A contracting agency may not artificially divide or fragment a procurement so as to constitute a small procurement under this section.

SECTION 2. ORS 279B.070 is amended to read:

279B.070. (1) A contracting agency may award a procurement of public contract for goods or services that exceeds $10,000 a contract price of $25,000, but does not exceed $150,000 a contract price of $250,000, [in accordance with intermediate procurement procedures] as provided in subsection (4) of this section. A contract awarded under this section may be amended to exceed $150,000 $250,000 only in accordance with rules adopted under ORS 279A.065.

NOTE: Matter in boldfaced type in an amended section is new; matter [italic and bracketed] is existing law to be omitted. New sections are in boldfaced type.
(2) A state contracting agency that awards a public contract with a contract price of
$10,000 or more using a method permitted under this section shall document in the state
contracting agency's procurement file the actions the state contracting agency takes to:
(a) Comply with ORS 200.035; and
(b) Invite to participate in the procurement qualified businesses or enterprises that the
Certification Office for Business Inclusion and Diversity certifies under ORS 200.055.
[(2)] (3) A contracting agency may not artificially divide or fragment a procurement so as to
constitute an intermediate procurement under this section.
[(3)] (4) When conducting an intermediate procurement, a contracting agency shall seek at least
three informally solicited competitive price quotes or competitive proposals from prospective con-
tractors. The contracting agency shall keep a written record of the sources of the quotes or pro-
posals received. If three quotes or proposals are not reasonably available, fewer will suffice, but the
contracting agency shall make a written record of the effort the contracting agency makes to obtain
the quotes or proposals.
[(4)] (5) If a contracting agency awards a public contract, the contracting agency shall award
the public contract to the offeror whose quote or proposal will best serve the interests of the con-
tracting agency, taking into account price as well as considerations including, but not limited to,
experience, expertise, product functionality, suitability for a particular purpose and contractor re-
sponsibility under ORS 279B.110.

SECTION 3. ORS 279C.335 is amended to read:
279C.335. (1) A contracting agency may award a public improvement contract only in response
to competitive bids, except for:
(a) A public improvement contract with a qualified nonprofit agency that provides employment
opportunities for individuals with disabilities under ORS 279.835 to 279.855.
(b) A public improvement contract that is exempt under subsection (2) of this section.
(c) A public improvement contract with a value of less than $10,000.
(d) A state contracting agency that awards a public improvement contract with a contract price of $10,000
or more under this paragraph shall document in the state contracting agency's procurement
file the actions the state contracting agency takes to:
(A) Comply with ORS 200.035; and
(B) Invite to participate in the procurement qualified businesses or enterprises that the
Certification Office for Business Inclusion and Diversity certifies under ORS 200.055.
(e) A contract to repair, maintain, improve or protect property the Department of Veterans’
Affairs obtains under ORS 407.135 and 407.145 (1).
(f) An energy savings performance contract that a contracting agency enters into in accordance
with rules of procedure adopted under ORS 279A.065.
(g) A public improvement contract with an estimated contract price of $250,000 or less that a
contracting agency awards to an emerging small business certified under ORS 200.055 and funds
with moneys from the Emerging Small Business Account established under ORS 200.180. A con-
tracting agency that awards a public contract exempted from competitive bidding under this para-
graph shall solicit competitive quotes as provided in ORS 279C.414 before making the award.

(2) Subject to subsection (4)(b) and (c) of this section, the Director of the Oregon Department
of Administrative Services, a local contract review board or, for contracts described in ORS
[2]
279A.050 (3)(b), the Director of Transportation may exempt a public improvement contract or a class
of public improvement contracts from the competitive bidding requirement of subsection (1) of this
section after the Director of the Oregon Department of Administrative Services, the Director of
Transportation or the local contract review board approves the following findings that the con-
tracting agency submits or, if a state agency is not the contracting agency, that the state agency
that is seeking the exemption submits:

(a) The exemption is unlikely to encourage favoritism in awarding public improvement contracts
or substantially diminish competition for public improvement contracts.

(b) Awarding a public improvement contract under the exemption will likely result in substantial
cost savings and other substantial benefits to the contracting agency or the state agency that seeks
the exemption or, if the contract is for a public improvement described in ORS 279A.050 (3)(b), to
the contracting agency or the public. In approving a finding under this paragraph, the Director of
the Oregon Department of Administrative Services, the Director of Transportation or the local
contract review board shall consider the type, cost and amount of the contract and, to the extent
applicable to the particular public improvement contract or class of public improvement contracts,
the following:

(A) How many persons are available to bid;

(B) The construction budget and the projected operating costs for the completed public im-
provement;

(C) Public benefits that may result from granting the exemption;

(D) Whether value engineering techniques may decrease the cost of the public improvement;

(E) The cost and availability of specialized expertise that is necessary for the public improve-
ment;

(F) Any likely increases in public safety;

(G) Whether granting the exemption may reduce risks to the contracting agency, the state
agency or the public that are related to the public improvement;

(H) Whether granting the exemption will affect the sources of funding for the public improve-
ment;

(I) Whether granting the exemption will better enable the contracting agency to control the
impact that market conditions may have on the cost of and time necessary to complete the public
improvement;

(J) Whether granting the exemption will better enable the contracting agency to address the size
and technical complexity of the public improvement;

(K) Whether the public improvement involves new construction or renovates or remodels an
existing structure;

(L) Whether the public improvement will be occupied or unoccupied during construction;

(M) Whether the public improvement will require a single phase of construction work or multi-
ple phases of construction work to address specific project conditions; and

(N) Whether the contracting agency or state agency has, or has retained under contract, and
will use contracting agency or state agency personnel, consultants and legal counsel that have
necessary expertise and substantial experience in alternative contracting methods to assist in de-
veloping the alternative contracting method that the contracting agency or state agency will use to
award the public improvement contract and to help negotiate, administer and enforce the terms of
the public improvement contract.

(c) As an alternative to the finding described in paragraph (b) of this subsection, if a contracting
agency or state agency seeks an exemption that would allow the contracting agency or state agency to use an alternative contracting method that the contracting agency or state agency has not previously used, the contracting agency or state agency may make a finding that identifies the project as a pilot project for which the contracting agency or state agency intends to determine whether using the alternative contracting method actually results in substantial cost savings to the contracting agency, to the state agency or, if the contract is for a public improvement described in ORS 279A.050 (3)(b), to the contracting agency or the public. The contracting agency or state agency shall include an analysis and conclusion regarding actual cost savings, if any, in the evaluation required under ORS 279C.355.

(3) In making findings to support an exemption for a class of public improvement contracts, the contracting agency or state agency shall clearly identify the class using the class’s defining characteristics. The characteristics must include a combination of project descriptions or locations, time periods, contract values, methods of procurement or other factors that distinguish the limited and related class of public improvement contracts from the agency’s overall construction program. The agency may not identify a class solely by funding source, such as a particular bond fund, or by the method of procurement, but shall identify the class using characteristics that reasonably relate to the exemption criteria set forth in subsection (2) of this section.

(4) In granting exemptions under subsection (2) of this section, the Director of the Oregon Department of Administrative Services, the Director of Transportation or the local contract review board shall:

(a) If appropriate, direct the use of alternative contracting methods that take account of market realities and modern practices and are consistent with the public policy of encouraging competition.

(b) Require and approve or disapprove written findings by the contracting agency or state agency that support awarding a particular public improvement contract or a class of public improvement contracts, without the competitive bidding requirement of subsection (1) of this section. The findings must show that the exemption of a contract or class of contracts complies with the requirements of subsection (2) of this section.

(c) Require a contracting agency or state agency that procures construction manager/general contractor services to conduct the procurement in accordance with model rules the Attorney General adopts under ORS 279A.065 (3).

(5)(a) A contracting agency or state agency may hold a public hearing before approving the findings required by subsection (2) of this section and before the Director of the Oregon Department of Administrative Services, the Director of Transportation or the local contract review board grants an exemption from the competitive bidding requirement for a public improvement contract or a class of public improvement contracts.

(b) Notification of a proposed exemption under subsection (2) of this section must be published in at least one trade newspaper of general statewide circulation a minimum of 14 days before the date on which the contracting agency intends to take action to approve or disapprove the exemption.

(c) The notice must state that in response to a written request, the contracting agency or state agency will hold a public hearing for the purpose of taking comments on the draft findings for an exemption from the competitive bidding requirement.

(d) If the contracting agency or state agency conducts a public hearing, the contracting agency or state agency shall offer an opportunity for any interested party to appear and comment.

(e) If a contracting agency or state agency must act promptly because of circumstances beyond
the agency’s control that do not constitute an emergency, notification of the proposed exemption
may be published simultaneously with the agency’s solicitation of contractors for the alternative
public contracting method, as long as responses to the solicitation are due at least five days after
the agency intends to take action to approve or disapprove the proposed exemption.

(6) The purpose of an exemption is to exempt one or more public improvement contracts from
competitive bidding requirements. The representations in and the accuracy of the findings, including
any general description of the resulting public improvement contract, are the bases for approving
the findings and granting the exemption. The findings may describe anticipated features of the re-
resulting public improvement contract, but the final parameters of the contract are those character-
istics or specifics announced in the solicitation document.

(7) A public improvement contract awarded under the competitive bidding requirement of sub-
section (1) of this section may be amended only in accordance with rules adopted under ORS
279A.065.

(8) A public improvement contract that is excepted from the competitive bidding requirement
under subsection (1)(a), (c), (d), (e), (f) or (g) of this section is not subject to the exemption require-
ments of subsection (2) of this section.

SECTION 4. The Oregon Department of Administrative Services shall promote and apply
a policy of diversity, equity and inclusion in public contracting by engaging in efforts to in-
crease public contracting opportunities for businesses and enterprises that the Certification
Office for Business Inclusion and Diversity has certified under ORS 200.055. The depart-
ment shall undertake the following actions:

(1) Review and evaluate the recommendations of a statewide study of disparities in
awarding public contracts;

(2) Develop a plan to implement the priority recommendations set forth in the study de-
scribed in subsection (1) of this section;

(3) Implement the priority recommendations set forth in the study described in sub-
section (1) of this section; and

(4) Report to the Governor’s Policy Advisor for Economic and Business Equity concern-
ing the department’s plan and implementation every six months until the earlier of the date
on which the department has fully implemented the priority recommendations or June 30,
2025. The department shall submit the first report not later than 90 days after the com-
pletion of the study described in subsection (1) of this section.

SECTION 5. Section 4 of this 2023 Act and the amendments to ORS 279B.065, 279B.070
and 279C.335 by sections 1 to 3 of this 2023 Act apply to procurements that a contracting
agency advertises or otherwise solicits or, if the contracting agency does not advertise or
otherwise solicit the procurement, to public contracts into which the contracting agency
enters on or after the operative date specified in section 6 of this 2023 Act.

SECTION 6. (1) The amendments to ORS 279B.065, 279B.070 and 279C.335 by sections 1 to
3 of this 2023 Act become operative on January 1, 2024.

(2) A contracting agency that adopts rules under ORS 279A.065 or 279A.070 may adopt
rules and take any other action before the operative date specified in subsection (1) of this
section that is necessary for the contracting agency to undertake and exercise all of the
duties, functions and powers conferred on the contracting agency by the amendments to ORS
279B.065, 279B.070 and 279C.335 by sections 1 to 3 of this 2023 Act.

SECTION 7. This 2023 Act takes effect on the 91st day after the date on which the 2023
regular session of the Eighty-second Legislative Assembly adjourns sine die.
