11 (a) **Ensure that a ballot cast in an election that has attached at least one copy of the**  
12 **ballot's identifier as provided in ORS 254.145 (9) is searchable by the ballot's identifier;**

13 (b) **Be maintained in a manner that permits each county clerk to upload an electronic**

15 (c) **Ensure that a ballot is searchable on the database as soon as technologically possible**  
16 **once a county clerk has uploaded the electronic copy of the ballot to the database.**

17 (2)(a) **Each county clerk shall scan each ballot cast in an election and upload, prior to**  
18 **the ballot being tallied, an electronic copy of the scanned ballot to the database established**  
19 **and maintained by the Secretary of State under subsection (1) of this section. The county**

1 **retary of State under subsection (1) of this section contains a vote for one or more write-in**  
2 **candidates, the electronic copy of the scanned ballot that is viewable in the database must:**

3 **(A) Ensure that the name of each write-in candidate is redacted and cannot be viewed**  
4 **in the database; and**

5 **(B) Ensure that the bubble indicating that the ballot cast a vote for a write-in candidate**  
6 **may be viewed in the database.**

7 **(3) The Secretary of State may adopt rules necessary to implement this section.**

8 **SECTION 3.** ORS 254.145 is amended to read:

9 254.145. (1)(a) Except as provided in paragraph (b) of this subsection, the names of candidates  
10 for nomination for or election to each office shall be arranged on the ballot in the order determined  
11 under ORS 254.155.

12 (b) The names of candidates for the offices of President and Vice President of the United States  
13 shall be arranged in groups.

14 (2) Except as provided in ORS 254.125 and 254.135 and this section, no information about the  
15 candidate, including any title or designation, other than the candidate's name, may appear on the  
16 ballot.

17 (3) Spaces shall be provided for any offices appearing on the ballot in which the elector may  
18 write the name of any person not printed on the ballot. If a voting machine is used, spaces shall be  
19 provided on the ballot, or on separate material delivered to the elector with the ballot, in which the  
20 elector may write or enter the names of persons for any offices appearing on the ballot.

21 (4) On the left margin of the ballot, the name of each group or candidate may be numbered. The  
22 blank spaces may not be numbered. A particular number may not be used to designate more than  
23 one candidate at any election.

24 (5) The names of all candidates for the same office shall be listed in the same column on the  
25 ballot. If more than one column is needed to list names of all candidates for that office, the names  
26 may be arranged in one or more columns in block form. The block shall be set apart by rulings  
27 under the title of the office. If a blank space follows the list of candidates, the space shall be in the  
28 same column as the names of candidates for that office. If blocks of columns are used, blank spaces  
29 shall be included within the ruled block.

30 (6) The ballot shall be clearly marked to indicate when names of candidates for the office are  
31 continued on the following page.

32 (7) When a measure is submitted to the people, the number, ballot title and financial estimates  
33 under ORS 250.125 of each measure shall be printed after the list of candidates. A measure referred  
34 by the Legislative Assembly shall be designated "Referred to the People by the Legislative Assem-  
35 bly." A state measure referred by petition shall be designated "Referendum Order by Petition of the  
36 People." A state measure proposed by initiative petition shall be designated "Proposed by Initiative  
37 Petition."

38 (8) The ballot shall be printed to give the elector a clear opportunity to designate the elector's  
39 choice for candidates and approval or rejection of measures submitted. If a voting machine is not  
40 used, the elector shall indicate a preference by making a cross or check mark inside a voting square  
41 corresponding to the candidate or answer for which the elector wishes to vote. A voting square may  
42 be printed on the blank, write-in vote spaces. However, the elector is not required to place a mark  
43 in the voting square corresponding to a name written in a blank space. Words shall be printed on  
44 the ballot to aid the elector, such as "Vote for one," "Vote for three," and regarding measures,  
45 "Yes" and "No."

1       **(9) On the bottom right corner of each ballot printed for an election, there shall be**  
 2 **printed twice a randomized 16-digit alphanumeric identifier unique to that ballot. Each**  
 3 **printed identifier shall be capable of being separated from the ballot. The Secretary of State**  
 4 **by rule shall establish a statement to be printed on the ballot to inform the elector:**

5       **(a) That the elector may choose to separate and remove none, one or both identifiers**  
 6 **printed on the ballot;**

7       **(b) That the ballot will be scanned and made available on the searchable database de-**  
 8 **scribed in section 2 of this 2023 Act;**

9       **(c) That the ballot will be searchable only by the ballot's identifier and that in order to**  
 10 **be searchable by the ballot's identifier at least one copy of the identifier must remain at-**  
 11 **tached to the ballot; and**

12       **(d) Of the Internet address where the elector may access the searchable database.**

13       **SECTION 4.** ORS 254.478 is amended to read:

14       254.478. (1) Subject to ORS 260.705, upon receipt of ballots, the county clerk may:

15       (a) Begin opening return identification envelopes of ballots and any used secrecy envelopes of

 31 signed by an officer or its county affiliate of a political party, a candidate or the county clerk and  
 32 shall be filed with the county clerk. The county clerk shall permit only so many persons as watchers

35       **SECTION 6.** ORS 254.483 is amended to read:

36       254.483. (1) Each county clerk is responsible for the safekeeping, disposition and security of all  
 37 ballots.

38       (2) **Each county clerk shall ensure the identifier printed on each ballot pursuant to ORS**
