A BILL FOR AN ACT

Relating to infertility; creating new provisions; amending ORS 646A.628, 731.804 and 743B.005; and declaring an emergency.

Whereas according to the federal Centers for Disease Control and Prevention, over 12 percent of women in the United States who are of reproductive age have difficulty becoming pregnant or carrying a pregnancy to term; and

Whereas infertility is evenly divided between men and women and approximately one-third of cases of infertility involve both partners being diagnosed or are unexplained; and

Whereas increasing accessibility for infertility treatment will expand health services in this state and improve the short-term and long-term outcomes for the resulting children and mothers, which may also reduce health care costs by reducing adverse outcomes; and

Whereas access to insurance coverage reduces health disparities for racial and ethnic minorities as well as for lesbian, gay, bisexual, transgender and queer individuals; now, therefore,
