

Submitter: Tami Black

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SJR26

As a loyal Oregon taxpayer, overpayment should be returned. As our taxes are quite high, it encourages citizens to file accurate and timely tax returns, whereas keeping the money fairly owed back to the taxpayers, it breaks the trust of the citizens, which has been done so very often on many issues recently. Turn things around, vote to encourage Oregonians to stay in Oregon because their hard earned money is being respected by returning overpayment, keep the Kicker as a requirement and return the funds to the rightful citizens.
