Committee: Senate Committee On Finance and Revenue

Measure: SB774

I'm a struggling business owner and parent in the city of Portland. Like so many others I still pay in incredible amount of tax money to both the federal government and the state of Oregon. In the past few years we've had pandemic, riots, vandalism, inflation, housing crisis, and still the state takes their large piece of what little my family earns. A law was passed and that law should be enforced. Not repealed the moment there's actually a surplus of tax revenue. The surplus means we're being over taxed. To discontinue this policy in the face of surplus is theft and dishonorable. We the people of Oregon deserve better.
