

Submitter: Barbara Castor

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SJR26

The Oregon Constitution exists to preserve and codify the rights of Oregonians not to give more power to the State. Surplus taxes do not belong to the state, they are the property of the Oregonians that paid them. This Amendment would take rights from Oregonians in deciding how their money is spent. This Amendment should not be passed.
