Committee: Senate Committee On Finance and Revenue

Measure: SB502

My name is Lauren Camou, a working college student living in Oregon. Understanding that the hard-earned money of tax payers, that we are required to pay into taxes, is an overabundance and that the state wants to keep that money is a blight in our society. All tax payers should be paid back, with interest, what they are owed. The kickers may seem miniscule, but that money makes a difference. It is said that the poorest Oregonian could only get approximately \$70 back, but that money can feed a family for a week. That matters, and the money is rightfully the tax payers'. There is no excuse to withhold the rightful property of Oregonians, and we deserve to be heard and respected, not stolen from.
