

Submitter: James Case

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SJR26

We deserve our kicker. This is not a slush fund account for the government to use as they see fit. We pay taxes for programs we vote on a approve bond measures. We are due our fair portion of the excess amount of taxes paid out, because that's what is is, an excess of funds collected by the state. It is not extra money for the state to use, it is the tax payers money that should be given back to them.
