On Behalf Of: Oregon residents
Committee: Senate Committee On Finance and Revenue
Measure: SB774

Why is this so hard to understand... the Constitution of our state speaks to the fact that when we do not fo a good job with our budget the excess is returned. You, as elected officials, have already taken some of it and do not return the excess as cash as was the practice in the past. It seems our state is in an ever ending quest to destroy itself and it's people... just one more thing that is a disappointment from our elected officials
