

Submitter: Dallas Blade

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SJR26

This was a requirement that Oregonians voted for with the belief that it would be returned if there were a surplus. I don't believe that this is in the interest of the Oregonian tax paying citizens especially during these trying times and financially recovering from the pandemic. I urge you to do what's right and return the surplus to Oregonian tax payers.
