

Submitter: Hailee Livesay

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB774

It's a shame that with what everyone in our state and nation has gone through, we are in the midst a recession that will most like turn into a Depression , and the one party ruled Oregon Legislature, wants to now take away the money that we paid into that is due to its citizens. We work everyday and barely make it but the state still gets their cut every paycheck. We are check to check but barely that, so please do the right thing let faithful citizens keep the kicker. Thank you for your time.
