

Submitter: Heidi Tesulov

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SJR26

As an Oregon citizen, I strongly request that you do not pass this. Do not keep our money. I am against this bill. We have families and we were care for with our money... We need this money back in our pockets to be able to buy food for our families.

It is our money you are trying to keep. I am completely opposed to this.
