

Submitter: STEFANIE PINNIGER

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SJR26

Pushing this through without citizen knowledge or right to vote is absurd. The kicker refund is written in to the Oregon Constitution. The 1979 Oregon Legislature passed the "Two percent kicker" law, which requires the state to refund excess revenue to taxpayers when actual General Fund revenues exceed the forecast amount by more than two percent. This is a blatant attempt by Oregon to deceive it's citizens in to paying MORE taxes to the state. A firm and hard NO.
