

Submitter: Stephen Kafoury

On Behalf Of:

Committee: House Committee On Rules

Measure: HB3414

As a member of the 1973 House of Representatives that passed SB 100, and one of the first members of 1000 Friends of Oregon, I am appalled at the prospect of diminishing one of the foundations of our land use system. Please listen to the evidence presented by those who know and love our state, and who have fought legislative battles and initiative petitions that would have weakened what has worked for 50 years to protect our farm and forest land. I refer, of course to 1000 Friends of Oregon.
