

Submitter: Andrew Neqry

On Behalf Of:

Committee: House Committee On Rules

Measure: HB3414

I would like to voice my opposition to HB 3414. As an ecologist and life long resident of Oregon I am deeply concerned with the potential impacts of unmitigated UGB expansion on ecological resources. I urge you to please consider other measures such as ins natives for vertical growth and second home taxes before taking such drastic action to undermine Oregons important land use laws.
