

Submitter: Anne Cherry
On Behalf Of:
Committee: Senate Committee On Rules
Measure: HB3031

To the committee,

I am the parent of two young children, both of whom will attend Oregon's public schools. Please take advantage of this bill to improve the health and well-being of Oregon's children by increasing the standards of indoor air quality. Our public school kids should be protected from not only viruses and allergens, but also smoke and other health hazards.

Thank you,

Anne Cherry, PhD
