

Submitter: Cody Sibley
On Behalf Of:
Committee: Senate Committee On Rules
Measure: HB2004

I urge you all to support and vote in favor of the bill establishing ranked choice voting in Oregon. It's a simple voting method that both allows Oregonians to express their true favorites in elections and ensures that the winner of elections has the support of the majority of voters. It won't fix every issue with our election system, but it's an important first step.
