

Submitter: Robert Leslie

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

I support HB 2004, which would adopt ranked choice voting for all statewide and federal offices in Oregon, for both the primary and general elections.

Many Oregonians feel like they have to "throw their vote away" by voting for a candidate who can't win, even if it's who they'd most like to see in office. Ranked choice voting would give us the option to vote for who we'd most like to see in office, but if they can't win, to indicate who we'd next prefer our vote went to and so on down the line.
