This is an unbelievable move by Oregon to silence any dissent and make more complicated and corrupt the voting process. It's simply a move by Democrats to try to manipulate even further the voting process and ensure that many Oregonians will not have their vote count. This is appalling and being supported by Marxist/Communists in the legislature that want to push Oregon even further over the cliff. THIS is what the focus is when livability and our education system are in the gutter?? Seriously ridiculous. If your ideas are so great then why rig an election system to ensure you could silence dissent? This is horrific and yet another reason people are leaving Oregon in droves and it's like the living dead in Portland metro. You won't be happy until you've taken all democratic freedoms away from the citizens and destroyed what was once an amazing place to live.
