

Submitter: Veronica Gallegos-Lozano

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

I vehemently oppose the idea of rank choice voting. Voting should be a straight forward process and not confusing. This is a deliberate attempt to undermine our democratic process and those sponsoring the bills consistently support bills that compromise our state. Do not move forward with this bill. Representative Pham, you need to be voted out because every bill you support is horrible for the People of Oregon. We are paying attention and you will be voted out.
