

Submitter: Carmine Campione

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

I am often a middle voter, not clearly in any particular political party's position. I wish to vote for the Best candidate and on their positions I wish to cast my vote.

I seems most often the best candidate is not available except in a write in fashion and those will not be able to win with the way people vote, As most wish just to check the box.

I feel this measure should open up the field for more policy debates and less affiliated candidates, which should be good for our democracy.
