

Submitter: Doug Beesley

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

I wish to have balloting by Ranked Choice so that the best person for the job has the potential to get it. For example, ranked Choice would allow 2 effective candidates from the same party to run for a position as opposed to 1 effective and one totally useless from different parties as in place now. It allows for more efficient use of skills
