

Submitter: Reta Vining
On Behalf Of: Citizens
Committee: Senate Committee On Rules
Measure: HB2107

I oppose this proposal as it interferes with the natural order of a medical practice of providing personalized health care to the individual patient. Potential issue of invoking harm and classified derelict of duty. Ethically immoral in a healthcare setting. Clerk of election office is the only legitimate and morally sound location that should be allowed to register to vote. Best practices issue and conflict of interest.
Oppose .
