RE: Support HB 2004, Statewide Ranked Choice Voting,
Senate Committee on Rules
06/21/2023

Chair Lieber, Vice Chair Knopp, and members of the Senate Committee on Rules,

My name is Lauren La Riva and I live in Portland. I am writing to testify in strong support for HB 2004, a referral to the 2024 ballot that would establish ranked choice voting for statewide and federal elections.

In our current elections, fear of “vote splitting” is affecting both voters and candidates: Candidates are often deterred from entering a race for fear of splitting voter support and voters are often forced to choose a candidate with a better chance of winning, instead of the candidate they actually prefer. As a result, many Oregonians – especially people of color, working-class people, rural residents, and young people – are less incentivized to participate in our elections. With over 70% of Oregon voters “extremely” or “very” discouraged by politics, we need a solution that will empower voters by giving them a real say in our elections.

Ranked choice voting would make voting much easier for me, because I would feel like my vote isn't being thrown away if my first choice doesn't win, instead my vote would go to my second choice candidate. It would simplify the voting process and make Oregonians feel more heard through their ballots. I take pride in doing my civic duty to vote in every election, and ranked choice voting would help my ballot to go farther to effect positive change for our community and our state.

I am not alone in my support of this bill. This legislation is supported by a coalition of over 35 organizations, including culturally-specific organizations, labor unions, environmental groups, housing advocates, rural communities, youth-empowering organizations, and good government groups.

Ranked choice voting is Oregon's next step as a leader in election reform. Please support HB 2004, which will refer this critical piece of legislation to voters for the 2024 ballot, and pass it out of committee.

Thank you,
Lauren La Riva
