

Submitter: Andrew Kyler

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

I am writing to offer my strong support for adopting ranked choice voting in state wide elections in Oregon. Ranked Choice voting has been used to advance democracy and voter participation in Northern Ireland and other countries where citizens have been quite divided. As a 4th generation I know how important it is for Oregonians to heal our divisions and come together to make a positive difference for all Oregonians. I strongly support Ranked Choice voting as a means to rejuvenating our democratic institutions in Oregon. I ask you to join me in supporting HB2004
