

Submitter: David Wall
On Behalf Of: Mr Oregon Opposes SB 215
Committee: Senate Committee On Education
Measure: SB215

Thursday [01.19.23]

I OPPOSE [SB 215] WITH EXTREME PREJUDICE.

[SB 215] represents the worst behavior of government-redirecting moneys from school breakfasts and lunches for ancillary programs that have absolutely nothing to do with poor children getting fed while attending school.

I am restrained from the use of vehement vulgarities to describe [SB 215] to my neighbors who have been given a copy of [SB 215] to read to form their own opinions.

My position does not mean the 'other programs' incorporated into [SB 215] are not important. These programs are important but...find other funding sources.

David S. Wall

Mr. Oregon Concurr...except, I will use vehement vulgarities when describing [SB 215].
