

Submitter: Kathy Wilmot

On Behalf Of:

Committee: House Committee On Education

Measure: HB2281

Civil Rights coordinators are NOT needed in schools in Oregon. Vote NO on this bill!
School staff are all required to abide by civil rights laws and policies.
Superintendents, principals and vice principals should already be overseeing compliance. Oregon students are performing at extremely low levels especially in math and reading as testing results reflect. Our state rates nearly at the bottom nationally. Focus needs to be on academics and NOT on popular social issues that are not benefiting our children. Vote NO on this unnecessary and damaging bill.
