Measure: HB2487

Hon. Committee Members:

I oppose HB 2487 for the following reasons:

1. "Weddings and other events" as proposed in the bill could include almost anything. Laws need to be simple and specific.
2. This adds another allowed use to the long list already allowed in an EFU zone and in my opinion is another in the long list of bills attempting to repeal or neuter the state land use system.
3. The conditional use required in the existing system is necessary to limit the interference between an event like a wedding or concert and my Combine or sprayer. Please put this terrible idea in the dumpster where it belongs.
