

**I SUPPORT [SB 227].**

Governor Brown had a unique penchant for over-reacting and generally making bad decisions was demonstrated by issuing "emergency authorizations" during the COVID emergency not delegating and funding Oregon's State Board of Nursing (OSBN) responsible to issue the aforementioned "emergency authorizations."

There was an attempt supported by Governor Brown to "By-pass" Nurse Licensure standards. The Eastern Oregon Economic Development Border Region enticement debacle is still a concern.

The language of Amending of ORS 678.050 at [Page (2), Lines (18-21)] codifies overdue foundational aspects for the updating and the Amending of ORS 678.442 at [Page (3), Lines (21-28)] finally codifies the overdue assignment of responsibility to OSBN.

\*\*What is unacceptable is the language in Section (3) [Page (3), Lines (22-23)]. The date the Amendments become operative is [January 1, 2024.]. The "operative date" should be "immediately." Take a walk by the Beaches and see the "Tsunami Warning signs."
