Measure: HB2616

Hello Committee Members,

I used to live in Colorado, where my family and I enjoyed buying raw milk and raw milk products from a local dairy where I maintained a "cow share". Now I can buy raw dairy if I happen find drive into Washington. I would so like to be able to more easily buy raw milk in Portland occasionally. I read this bill and it sounds like it would ensure safe products for consumers and hope you will support it.

Thank you
