

Submitter: Andrew Isaksen

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB2616

Please consider supporting this bill. It will increase availability of quality, healthy milk and milk products to hundreds of consumers. There is a strong demand for these products and current law greatly restricts the ability for them to reach consumers. This bill will allow a much greater ability for the producers to reach the end consumers with no cost to the state.
