

Submitter: NW Coastal Range
On Behalf Of:
Committee: House Committee On Education
Measure: HB2280

HB 2280

...the purpose of implementing section 1 of this 2023 Act.
and, if applicable, the person's parents shall be notified...

"if applicable" unless the parent is the perpetrator, then the parent should always be notified. When did the legislature actually start believing that the public school system act in a clandestine manner to avoid parent[s] criticism and notification. About the child that the parent[s] has the entirety of rights, not the government institutions.
