

Submitter: Megan Clark

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB2616

I am in support of Oregon farmers to be able to sell raw milk. It is proven to be safe to consume. Farmers know their cows and know whether or not they are ill. This insures that the milk stays clean and free from contagion.

This bill would help Oregon small farmers to stay in business. They need to expand their markets. The Legislature has a responsibility to pass this bill and help them.
