

Submitter: Dorothy Swartz

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB579

It is with great concern that I must submit this letter to you in opposition of SB579. This would subject the honest and responsible people of our state to have the criminal element and not just misdemeanor type criminals, but murderers, rapists ect have a say in something that they have already proven they have no respect for. Why would honorable people have to hear the voice of reprobates? They should not now or ever be allowed to vote.
