Measure: HB2616

Thank you for your time in reviewing my testimony.

I am in favor of the sale of unpasteurized milk.

As a consumer of local raw goat milk due to digestive issues with regular milk, with access to unpasteurized milk I can bake, and consume milk that is unpasteurized without negative effects.

Access to unpasteurized milk is a challenge at holidays, and when I travel. As an informed consumer would enjoy access to milk in its unpasteurized state.

Please consider allowing the sale of raw milk.

Thank you
